STATE OF IDAHO

LICENSE AND CERTIFICATE OF WATER RIGHT

Water License No. 7982

Priority January 27, 1925

Amount 306 Sec. Ft.

THIS IS TO CERTIFY that Gem Irrigation District of Homedale, Idaho, made application for permit to appropriate the public waters of the State of Idaho, dated December 1, 1911; that Permit No. 7982 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 306 second feet, was issued thereunder on April 30, 1914, showing that said works were completed on the 21st day of February, 1914; and that on the 17th day of March, 1934, Gem Irrigation District of Homedale, State of Idaho, made proof to the satisfaction of the Commissioner of Reclamation of Idaho, of a right to the use of the waters of Snake River, a tributary of Columbia River for the purpose of irrigation and domestic use, under Use Permit No. 7982 of the Commissioner of Reclamation, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 7 of Licenses, at page 3769, on the 3rd day of May, 1934;

The right hereby confirmed dates from January 27, 1925;

The Points of Diversion are located: No. 1-At a point whence the NE corner Sec. 15, T. 2 N., R. 4 W., B. M., bears N. 74° 15' W. 1435 feet. No. 2-At a point whence the N $\frac{1}{4}$ corner Sec. 5, T. 3 N., R. 5 W., B. M., bears S. 11° 00' W. 2500 feet, Owyhee County.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 306 cubic feet per second.

No. 11716

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of Applicant: Chas. McCoard, Trustee for Gem Irrigation District.

Postoffice address: Homedale

County: Owyhee State: Idaho

II. The financial resources of the applicant are:

(c) Bonds to be issued: (See Remarks #3)

2. The quantity of water claimed is six hundred & fifty (650) cubic feet per second.

3. Source of water supply: Snake River

4. Location of point of diversion: As shown under Remarks #2

County of Owyhee

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: 31,000 acres

(b) In the following legal subdivisions: lands designated in the list attached and made a part hereof, marked Exhibit "A".

6. Estimated cost of works: \$1,500,000.00

7. Description of works for diversion:

I. Kind of works: 2 pumping plants, pumping through pipe lines into 4 canals at different levels as shown on the appended plat.

II. Dimensions of works:

(d) Conduit Ditch, flume or pipe. See Remarks #1. Length of conduit is miles, and it crosses the following quarter sections: Quarter Sections are shown accurately on Exhibit "B".

8. The time required for the completion of the construction of such work is five years.

9. Time required for the complete application of the water to the proposed use is four additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Chas. McCoard,

Applicant

Remarks: #1. The conduits used to deliver the water to the land will be of various sizes, dimensions and capacities. The average grade will be three feet to a mile, and the average velocity 2 feet per second.

#2. It is desired to divert the water at two points in two different amounts. At the upper pumping station the first point of diversion is located at a point whence the N.E. cor. Sec. 15, T. 2 N. R. 4 W. B. M., bears N. 74° 15' W. 1435 feet. The amount of water claimed here is 500 cubic feet per second. At the lower pumping station the

second point of diversion is located at a point whence the $N\frac{1}{2}$ Cor. Section 5, T. 3 N. R. 5 W. B. M. B. M., bears S. $11^{\circ} 00'$ W. 2500 feet. The amount of water claimed here is 150 cubic feet per second.

Remark #3: The Gem Irrigation District, for which District, Chas. McCoard is making this filing has bonds to be issued to the amount of two million, ninety thousand, one hundred and ten dollars (\$2,090,110.00)

LIST OF LAND TO BE IRRIGATED.

APPROVAL OF STATE ENGINEER.

The number of this permit is 7982

Date of first receipt at office of State Engineer 5.00 P.M. December 1, 1911.

Returned to applicant for correction December 4, 1911.

Corrected application received December 30, 1911.

Recorded in Book 25, Page 7982. Approved January 20, 1912.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$1300.00 to be filed on or before March 20, 1912.

One-fifth of the work above specified to be completed on or before July 20, 1914.

The whole of said work to be completed on or before January 20, 1917.

Beneficial use of water appropriated in accordance herewith, to be made on or before January 20, 1921.

Witness my hand this twentieth day of January, 1912.

A. E. Robinson,
State Engineer.

Proof of Completion of Works made February 21, 1914.

Report of Engineer received April 24, 1914.

Certificate of Completion of Works issued April 30, 1914.

PERMIT NO. 7982

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom it May Concern:

This is to certify that Chas. McCoand, Trustee for Gem Irrigation District, of Homedale, County of Owyhee, and State of Idaho, the holder of Permit No. 7982, issued upon Application No. 11716, bearing date of priority of December 1, 1911, authorizing the diversion of 650 second feet of the waters of Snake River, County of Owyhee, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and

described in said permit; that said works are adequate for diverting and conveying to the place of intended use 306 second-feet of the waters of Snake River; that the points of diversion of said waters are as follows: At upper pumping plant, which is designated as plant No. 1, the point of diversion is located at a point whence the NE corner of Sec. 15, T. 2 N. R. 4 W., bears N. 74° 15' W. 1435 feet. At the lower plant, designated as Plant No. 2, the point of diversion is located at a point whence the NE corner of Section 5, T. 3 N. R. 5 W., bears S. 11° 00' W. 2500 feet, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit:

Township 4 North, Range 6 West of Boise Meridian: Lots 6, 7 and 8, Section 14; Lots 1, 2 and 3 of Section 23; NE $\frac{1}{4}$ of NW $\frac{1}{4}$, S $\frac{1}{2}$ of NE $\frac{1}{4}$, NE $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 23; S $\frac{1}{2}$ and Lots 4, 5, 6 and 7 of Section 24; E $\frac{1}{2}$, the E $\frac{1}{2}$ of W $\frac{1}{2}$ and NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 25; N $\frac{1}{2}$ of NE $\frac{1}{4}$, SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 36. Township 4 North, Range 5 West of Boise Meridian: Lots 5, 6, 7 and 8 and S $\frac{1}{2}$ of Section 19; Lots 3 and 4 of Section 20; All of Section 30; Lots 5, 6, 7, and 8 of Section 29; N $\frac{1}{2}$ of NW $\frac{1}{4}$, SE $\frac{1}{4}$ of NW $\frac{1}{4}$ and NE $\frac{1}{4}$, N $\frac{1}{2}$ of SE $\frac{1}{4}$ Section 31; Lots 4, 5, 6 and 7, W $\frac{1}{2}$ of NW $\frac{1}{4}$, N $\frac{1}{2}$ of SW $\frac{1}{4}$, SE $\frac{1}{4}$ of SW $\frac{1}{4}$ and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ of Section 32; Lot 3 of Section 33. CECIL D. ANDRUS
GOVERNOR

R. KEITH HIGGINSON
DIRECTOR

December 16, 1992

Mr. Ron Geertson, et al
Rt. 1, Box 1333
Homedale, ID 83628

RE: Reinstatement of a Point of Diversion by Gem Irrigation
District

Dear Mr. Geertson:

I am in receipt of a letter signed by yourself and six other individuals in which you identified some concerns relative to Gem Irrigation District's actions to renew a point of diversion northwest of Homedale. I will respond to your questions in the order they were addressed in your letter.

1. Does Gem Irrigation District need authorization from the IDWR to move 25-30 cfs of the water right to Homedale?

Licensed water right No. 02-02014 identifies two points of diversion, one near Marsing (NENW Sec. 14, T 2 N, R 4 W) and the other near Homedale (NWSE Sec. 32, T 4 N, R 5 W), with a rate of diversion of 306 cfs, and with no restriction regarding the rate of flow to be diverted from each location. Licensed water right No. 02-02276 identifies only the Marsing point of diversion, for an additional 50 cfs. The total water right from the Snake River in the name of Gem Irrigation District is 356 cfs.

Consistent with the description in your letter, it is my understanding that in the 1930's or 1940's the diversion of water from the Snake River by Gem Irrigation District was consolidated at the diversion site near Marsing. It is my understanding that the site near Homedale has been unused since then.

This summer the manager of Gem Irrigation District, Mr. Clyde Hutton, visited our offices to determine what action, if any, would be needed to reconstitute the point of diversion near Homedale. We researched the water rights at the sites, discovered the recorded point of diversion at Homedale, and determined that if (1) the total rate of diversion of 356 cfs has been used periodically since the licenses were issued (so there has been no forfeiture of any portion of the water right), and (2) the total rate of diversion after the Homedale pumps are replaced does not exceed 356 cfs, then the only filing required by Gem Irrigation District is to amend the adjudication claim to show both points of diversion. This action can be completed at no charge to the district, and it does not have

Page 2
Ron Geertson, et al
December 16, 1992

to be accomplished until the Department is preparing the Director's Report for the Snake River mainstem.

Mr. Hutton felt that that the proposed reinstatement of the Homedale pumping plant would comply with these conditions because the output of the pumps has diminished over recent years. The pumping plant output was measured by District personnel to produce 371.49 cfs on May 27, 1964 according to the field report in the Department's file for License No. 02-02276. In comparison, according to information provided by the U.S. Geological Survey the maximum daily output of the pumping plant at Marsing was 319 cfs for water year 1992, and 321 cfs for water year 1991 (see discharge values enclosed). This is likely due in part to pump wear, but is also due in part to the lowered stage of the Snake River due to drought-reduced flows.

After receiving your letter, Mr. Geertson, as a double check I contacted Department chief counsel Mr. Phillip Rassier, who confirmed that he is not aware of any provision whereby the use of a point of diversion can be forfeited in conjunction with a water right for which the full rate of flow is appropriated at one or more of the remaining points of diversion.

2. Is the pumping plant at Marsing producing less than 356 cfs so that water is available within the water right to be transferred?

See the response above.

3. If the full amount of the 356 cfs has not been used, is that water still available for appropriation after over 50 years of non-use?

Based on the measurement of 371.49 cfs on May 27, 1964 and on the data reported by the USGS, it appears that 356 cfs could possibly have been used within the past 5 years. If this is the case, the addition of another 25-30 cfs at Homedale would be acceptable if the total diversion does not exceed 356 cfs.

4. What liabilities are the Directors creating for themselves and Gem Irrigation District by proceeding with a new diversion of water from the Snake River without authorization from the IDWR and other agencies?

Page 3
Ron Geertson, et al
December 16, 1992

I view the proposed action by Gem Irrigation District as being similar to a wateruser replacing a worn-out pump. I do not know of any approvals required by the District to complete the proposed action, assuming that the rights-of-way are still in place.

Mr. Geertson, after you and your associates review this response, please feel free to contact me regarding any aspect of this letter. In order to fully explore this subject I am sending copies of this letter to Mr. Hutton, and to Mr. Luke of our State Office.

Sincerely,

David R. Tuthill, Jr., P.E.
Manager, Western Regional Office

Department of Water Resources

Attn. Box 1333
Homedale, ID 83628
27 Nov. 92

DEC - 2 1992

Dear Mr. Tuthill:

The purpose of this letter is to request from the ID Dept. of Water Resources certain determinations concerning the water right of the Gem Irrigation District from the Snake River at the Marsing Pumping Plant.

At this time the Directors of the Gem Irrigation District are actively engaged in planning and in the acquisition of rights of way, pipe, machinery and in negotiations for the delivery of power to a site on the Snake River approximately one mile northwest of Homedale for the construction of a new pumping plant and diversion of water from the Snake River at that point to the D Canal.

We, the undersigned water users of the Gem Irrigation Dist., are concerned that the Directors are proceeding with this pumping plant before receiving the necessary authorization from the IDWR and other controlling agencies. We therefore request the IDWR to make determination as to the right of the Gem District to divert additional waters from the Snake River at the proposed pumping plant #2.

Prior to 1940, the Gem Dist. was served only by water from the Snake River. With the completion of the Owyhee Project, the Dist. began to receive gravity water in addition to the pumped water. The pumping plant located northwest of Homedale was abandoned and the pumps and machinery moved to the plant at Marsing and the water right was transferred to Marsing in 1940.

The Directors of the Gem Dist. contend that the pumping plant at Marsing is not capable of pumping the full amount of the water right which is 356 cfs. This contention conflicts with the information provided by Tim Luke of IDWR which shows the plant pumping at or above the 356 cfs of the water right. The Directors intend to move 25 to 30 cfs of the water right to the proposed #2 pumps at Homedale.

These questions then arise:

1. Does the Gem District need authorization from the IDWR to move 25-30 cfs of the water right to Homedale?
2. Is the pumping plant at Marsing producing less than 356 cfs so that water is available within the water right to be transferred?
3. If the full amount of the 356 cfs water right has not been used, is that water still available for expropriation after over 50 years of non-use?
4. What liabilities are the Directors creating for themselves and the Gem District by proceeding with a new diversion of water from the Snake River without authorization from the IDWR and other agencies?

We hope you will be able to respond as soon as possible since the Directors are actively proceeding with this project.

RE: Water License No. 7982
Gem Irrigation District

MR. W. H. ROBINSON, Manager
Caldwell,
Idaho

Dear Sir:

We are enclosing herewith Water License No. 7982 issued to Gem Irrigation District under date of May 3, 1934, confirming their right to the use of 306 second feet of the waters of Snake River and bearing date of priority as of January 27, 1925.

We are also enclosing our office receipt in the amount of \$517.00 which was the fee due in connection with Beneficial Use Proof under said permit.

Very truly yours,

R. C. B. F. I.
Commissioner of Reclamation

Re: Permit No. 7982
Gem Irrigation District

MR. W. E. ROBINSON, Manager
Caldwell,
Idaho

Dear Mr. Robinson:

As you know, Mr. Tolman, Field Engineer for this Department, made a field examination the first part of this week of the lands which are being irrigated under the above permit. His report shows that the lands on which you offered proof are all under irrigation although he made no attempt to determine the acreage in each subdivision that was under cultivation.

The total lands being irrigated constitute approximately 15,000 acres lying in 517 different legal subdivisions. Thus, there is a fee of \$517.00 due this department in connection with this proof. Upon receipt of this amount we will issue a license for the lands as set forth in your notice for publication.

Very truly yours,

R. T. PARIS
Commissioner of Reclamation

By _____
Chief Clerk & Office Engr.

| | 2 - 350 " " " " " " 20" " " |
| | 1 - 275 " " " " " " 12" Allis Chalmers " |
| | Rated capacity = 325 Sec. Ft. |

Lower station	2 - 275 " " " " " " 14" Worthington pumps
	1 - 75 " " " " " " 10" " pump
	Total rated capacity = 361 Sec. Ft.
	Rated Capacity = 36 Sec. Ft.

5. Water is used for: Irrigation and domestic purposes.
6. State whether or not water has been turned into works of diversion: YES
7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): (See attached list)

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? Columbia River

Remarks:

7982

This examination was made on the 27th day of May, 1934.

(Signed)

Fred S. Dolman
Examiner.

Gem Irrigation District,
Homedale, Idaho

Permit No. 7982

Examination for Beneficial Use

County Owyhee

INSTRUCTIONS TO EXAMINERS

1. Always carefully note the location of the point of diversion and accurately plat same.
 2. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
 3. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
 4. If any unusual conditions are discovered, make a plain statement of them under remarks.
 5. Always see the holder, if possible, and go over the whole ground with him and make your report only upon actual existing facts and conditions.
-

BOISE, IDAHO

Permit No. 7982

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. I. H. Lineberger, Homedale, Idaho; farmer and President of Board of Directors, Gem Irrigation District.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Gem Irrigation District, Homedale, Idaho; President, Board of Directors and authorized by resolution.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. #7982, January 20th, 1912; Priority January 27, 1925.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Snake River; Plant #1, point of diversion, at a point whence the NE corner Sec. 15, T. 2 N., R. 4 W., B. M., bears N. 74°15' W. 1435 feet; Plant #2, point of diversion, at a point whence the NE corner Sec. 5, T. 3 N., R. 5 W., B. M., bears S. 11°00' W. 2500 feet.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Water pumped with electrical power into A, B, C & D Canals; capable of conveying 360 cu. ft. per second to place of use.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation and domestic use. (See list) The land is being cultivated for general farming as a result of said use.

Ques. 7. If for other than for irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 306 cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. Original applicant was Charles McCoard, Trustee, succeeded by I. H. Lineberger, both representing the Gem Irrigation District.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Started using water May 5, 1913 and are now diverting over 350 second feet during the irrigation season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. During the past few years, we have been diverting about 50 second feet more than our permit entitles us to, and in addition we have a permit for the use of water from Jump Creek, and also divert some water from Succor Creek under the McDowell & Patch Ditch Company permits.

(Sign) *I. H. Lineberger*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Homedale, County of Owyhee, State of Idaho, on this 17th day of March, A. D. 1934.

B. B. Stanger

Notary Public residing at Homedale, Idaho,

My commission expires 1-9-36

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 7982

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. H. Robinson; 45 years; Caldwell, Idaho; Manager, Gem Irrigation
District; Caldwell, Idaho

Ques. 2. Are you acquainted with President, Board of Directors, Gem Irrigation Dist.
holder of Permit No. 7982? How long have you known him and where does he reside?

Ans. 15 years; Homedale, Idaho

Ques. 3. Have you read or heard read said Permit No. 7982, and are you familiar with
its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying
water from point of diversion to place of use. Source: Snake River

Ans. Plants #1 and 2, pumping into Canals A, B, C & D and Diversions from
Jump Creek and Saccor Creek into the Patch and McDowell ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to
place of use, and how much water have you seen being so conveyed?

Ans. About 375 cubic feet per second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each
sub-division in which water has been used and number of acres irrigated in each subdivision.)
State whether cultivated or natural meadow land and the nature of all improvement which have
been made as a direct result of said use.

Ans. Now irrigating 15,000 acres of the above described land

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Desert land, some being sandy and requires about five acre feet an acre per season.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Yes. I own an interest in 160 acres of land in the project.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Water has been diverted under this permit since May, 1913 for beneficial use in the reclaiming of the above land.

(Signed)

J. M. Robinson

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Homedale, County of Owyhee, State of Idaho, on this day of March 17th, A. D. 1934.

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. E. B. Snell; 54 years; Homedale, Idaho; farmer

Ques. 2. Are you acquainted with the President of Board of Directors of the Gen. Irrigation District holder of Permit No. 7982? How long have you known him and where does he reside?

Ans. 15 years; Homedale, Idaho

Ques. 3. Have you read or heard read said Permit No. 7982, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use. Source: Snake River

Ans. Plants #1 and 2, pumping into Canals A, B, C & D and diversions from Jump Creek and Succor Creek into the Patch and McDowell ditches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. About 350 cubic feet per second

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-division in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvement which have been made as a direct result of said use.

Ans. For irrigation and domestic use. Land has been cultivated as a direct result of said use for general farming.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent

Ans. None

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Arid, desert land before being reclaimed and requires about five acre feet per acre per season.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. Yes. I am a farmer on the project owing 100 acres in cultivation in the project.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Water has been diverted to beneficial use since 1913.

(Signed)

E B Snell

I hereby certify that the foregoing testimony was read to the above subbscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Homedale, County of Owyhee, State of Idaho, on this day of March 17th, A. D. 19 34

B B Harger

Notary Public.

Russia Remove

Childish Classics Restored, T
by No Means the First
Literature D

If the belief is widespread that the world is going mad, counter-evidence is furnished in a quarter least to be suspected—Russia.

That country has removed its ban on children's classics and fairy tales. "Robinson Crusoe" is first on the list of nursery favorites to be reprinted by the hundred thousand.

It may be that this book will not come from the press just as Defoe wrote it, for it has an element of piety that Soviet Russia does not formally endorse.

Robert Lynd, of the News-Chronicle (London), finds it difficult to understand how the Russian authorities originally came to believe that reading the nursery classics was likely to turn good Bolshevik children into wicked reactionaries. He points out that "The Emperor's New Clothes" is "as sharp a satire on the ways of courtiers as any Communist could have written." Also he argues that the marriage of a poor man with a princess or a poor girl with a king might be used as propaganda for human equality, but ideas were rushing too fast in one direction for Soviet officials to see it that way. He draws upon America for support:

"The American Republic has survived the perils implicit in fairy tales for a century and a half without ever

PROOF OF PUBLICATION

State of Idaho

ss.

County of Owyhee

I, R. H. Colley, being first duly sworn, depose and say that I am the publisher of the OWYHEE CHRONICLE, a newspaper of general circulation, published at Homedale, Owyhee county, Idaho, and that the attached notice was published in said newspaper once each week, and every week for 4 weeks, inclusively and consecutively, the first publication being on the 22nd day of February, 1934, the last publication being on the 15th day of March, 1934.

Also that the OWYHEE CHRONICLE has been published continuously and uninterruptedly in said county for a period of _____ consecutive weeks prior to the first publication of attached notice.

RH Colley Publisher.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, March 8, 1934

MR. B. B. HARGER, Notary Public
Homedale,
Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 7982

DEPOSITION OF PERMIT HOLDER, DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On March 17, 1934, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Homedale, Idaho before B. B. Harger, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

R. W. FARLE
Commissioner of Reclamation.

Re: Permit No. 7982

GEN. IRRIGATION DISTRICT
Homedale,
Idaho

Attention: Mr. Robinson

Dear Sir:

In conformance with our conversation of February 28, 1934, we are enclosing herewith a copy of Permit No. 7982, except that the land list and the Certificate of Completion of Works have been omitted. These were left out for the reason that proof is being made on only approximately 15,000 acres of the total 31,000 acres described in the permit and in view of the fact that the lands on which proof will be made have already been ascertained, we did not think it necessary to furnish you with the list of lands as described in the permit. Furthermore, you were also informed of the fact that the Certificate of Completion of Works was issued for only 306 second feet of the 650 second feet claimed in the permit.

I think that the copy which we are submitting will furnish you with all of the information for your proof that can be obtained from the permit record and the rest of it will have to be secured from witnesses who are familiar with the works that have been constructed and the lands to which the water has been applied.

The charge for preparing this copy is \$1.50 which you will please remit at your earliest convenience.

Very truly yours,

R. W. FARIS

Gem Irrigation District

MR. W. H. ROBINSON
Caldwell,
Idaho

Dear Sir:

Under date of February 10th, notice in duplicate for publication in connection with beneficial use proof under the above permit and also your authorization to have the notice published in the Owyhee Chronicle, Homedale, Idaho, were received in this department.

The date for proof has been fixed as 10:00 A. M. March 17, 1934, and whoever acts as agent for the permit holder should appear at the office of Mr. B. B. Harger, with two witnesses, to execute the depositions on that date. After the depositions have been taken please mail them to this office with the affidavit of publication and if they are in proper form a field examination will be made immediately after the date of their receipt so that the license can be issued as quickly as possible.

Very truly yours,

R. W. FARIS

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 a. m. on the 17th day of March, 19 34,
at Homedale, County of Owyhee, State of Idaho,
before B. B. Harger, Notary Public, proof will be submitted
of the application to beneficial use of 306 cubic feet per second of the
waters of Snake River in accordance with the terms and conditions of
Permit No. 7982 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Gen. Irrigation District, Homedale, Idaho

The use to which said water has been applied is irrigation and domestic use.

The amount applied to beneficial use is 306 cubic feet per second.

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) (See attached list)

The name of the canal or ditch or other works by which said water is conducted to such place of use
is A, B, C and D Canals

The right to take water from such works is based upon Permit No. 7982.

The source of supply from which such water is diverted is Snake River.

The date of the priority which said user is prepared to establish is January 27, 1925.

R. W. FARIS

Commissioner of Reclamation.

DEPARTMENT OF RECLAMATION

Gen Irrigation Dist.

c/o Chas McCoard

Home dale, Idaho

BOISE

November 18, 1920

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. 7982-----, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and date it is submitted.

Yours truly,

W. G. SWENDSEN

Commissioner of Reclamation.

7982

May 18, 1916.

Re Permit 7982.

Bruce & Fuld Loan & Trust Co.,
Boise, Idaho.

Gentlemen:--

Replying to your letter of the 17th would say that the above numbered permit is held by Chas. McCoard, Trustee for Gem Irrigation District. Proof of completion of works was made under this permit on February 21, 1914, and the Certificate issued. The holder is, therefore, released from any further liability under the bond. The date of this bond is March 19, 1912.

We cannot advise you as to the date Mr. McCoard surrendered his rights as Trustee, as we have no record of the transfer. He made the filing as Trustee for the Gem Irrigation Company.

Very truly yours,

J. H. SMITH,

State Engineer.

BOISE, IDAHO,
May 17th, 1916.

Hon. State Engineer,
C I T Y.

Dear Sir:

On March 19th, 1912, we wrote a bond on behalf of Charles McCoard as Trustee for the Gem Irrigation District, covering Water Permit of the Gem Irrigation District. (We find that we do not have the number of the Permit) We are now advised that Mr. McCoard has surrendered his rights as trustee and that the Water permit is now in the name of the Gem Irrigation District, bonded by another company. If this is correct, please send us a letter to this effect, advising what date the change was made, so that we can cancel the case on our records, and oblige,

Yours very truly,

BRUCE & FULD LOAN & TRUST CO.

Permit 7982,

W. W. Peter, Secretary
Gem Irrigation District,
Homedale, Idaho.

Sir:

From the report of the examining engineer on completion of works under the above numbered permit, we can only accept proof for the diversion of 306 second feet of water. The fees would, therefore, amount to \$91.80 and I enclose herewith receipt for this amount, together with State Treasurer's check for the balance due you, \$13.20. The certificate of completion will be issued and mailed to you in a few days.

Very truly yours,

F. P. KING,

State Engineer.

Proof of Completion of Works.

Permit No. 7982.

The source of water supply is by means of pumping water from Snake river with electrically driven centrifugal pumps. The amount of water claimed is 650 cubic feet per second.

Point of Diversion.

At the upper pumping plant, which is designated as plant No. 1, the point of diversion is located at a point whence the NE corner of Sec. 15, T. 2 N. R. 4 W., bears N. 74° 15' W. 1435 feet. The amount of water claimed here is 500 cubic feet per second.

At the lower plant, designated as plant No. 2, the point of diversion is located at a point whence the N $\frac{1}{2}$ corner of Section 5, T. 3 N. R. 5 W., bears S. 11° 00' W. 2500 feet. The amount of water claimed at this plant is 150 cubic feet per second.

The works of diversion are fully completed and in accordance with the terms of the permit.

Description of Works.

Plant No. 1 - A Line - 3 Worthington volute 18

7982

inch pumps driven by a 3 direct connected Westinghouse 1025 H.P. 2200 volt, 3 phase, 60 cycle, ⁸⁶⁵/₈₆₅ R.P.M. motors. Each pump is guaranteed to deliver 38 cubic feet per second under a 175 foot total head by the manufacturers and furnishes water for the A or High line through a wood stave pipe 54 inches in diameter to the A canal, which is 10.0 feet on the bottom, depth of water 3.7 feet, area 64.4, grade of 1.58 ft. per mile. Capacity 118.5 cubic feet per second.

B Line - 2 Worthington volute 20 inch pumps, driven by 2 direct connected Westinghouse, 700 H.P. 2000 volts, 3 phase 60 cycle, 700 R.P.M. motors. Each pump is guaranteed to deliver 43 cubic feet per second, under a head of 105 feet and discharges water through 48 inch wood stave pipe to B canal, which is 9 feet on the bottom, depth of water 3.4, area 53.72. Grade of 1.58 feet per mile. Capacity 92.4 cubic feet per second.

C Line - 2 Worthington volute 20 inch pumps driven by 2 direct connected Westinghouse 330 H.P., 2200 volts, 2 phase, 60 cycle, 495 R.P.M. motors. Each guaranteed to deliver 30 cubic feet per second, under a head of 70 feet and discharges through a 42 inch continuous wood stave pipe, into C canal, which is 8 feet on the bottom, water is 2.8 feet deep, area is 38.08. Grade is 1.85 feet per mile. Capacity 92.07.

Plant No. 2. - C Line - 2 Worthington 14 inch pumps, driven by 2 direct connected Westinghouse 275 H.P. 2200 volts, 3 phase 60 cycle, 1150 R.P.M. motors, each guaranteed to deliver 16 cubic feet per second under a head of 104 feet. The canal is 5 feet on the bottom, carries 2.2 feet of water, grade is 2.64 feet per mile. Capacity is 32.67 cubic feet per second.

C A P A C I T I E S

<u>Name of Canal</u>	<u>Capacity of pumps</u>	<u>Capacity of canal</u>
Plant No. 1		
A	114	118.5
B	86	92.4
C	60	92.07
Plant No. 2		
D	<u>32</u>	<u>32.67</u>
Total Capacities	292	335.64

For list of land to be irrigated, see Exhibit A, Deposition of Holder in proof of completion of works.
Examined March 19, 1914.

Walker R. Heyde
Chief Canal Engineer

292 cubic feet per second is the capacity of the pumps at mean low water and the capacity of the pumps between high and low water is 306 cubic feet per second (5 feet above low water). This rule is adopted in this particular case from the fact that there is an ample water supply but is not to be considered as establishing a precedent in future cases which may present a somewhat similar state of facts.

Interior of Pumping Plant No. 1.

Exterior of Pumping Plant No. 1

Canal A, high line from Plant No. 1.

Canal B, middle line from Plant No. 1.

Canal C, low line from Plant No. 1.

Interior of Pumping Plant No. 2.

February 23, 1914.

Permit 7982

W. W. Peter, Sec'y
Cam Irr. District,
Homedale, Idaho.

Sir:

Am today in receipt of your letter enclosing depositions, affidavit of publication and check for fees in the sum of \$105, for proof of completion of works under above permit. These papers will be placed on file in this office pending the receipt of the report of the examining engineer. The examination will be made by an engineer from this office just as soon as weather conditions are more favorable.

Very truly yours,

F. P. KING,

State Engineer.

PERMIT NO. 7982

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Chas M. Coard, age 50, Residence, Homedale, Idaho, Farmer, Address, Homedale, Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Am acting in behalf of Lem Irrigation Dist. whose principal place of business is Homedale, Idaho. At present I hold no official relation to district except as trustee in matter of water filing 7982.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit No. 7982, Date of Permit Jan 20, 1912
Amount of water and point of diversion shown on "Exhibit C"

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. 30000 acres to be reclaimed, description of same shown on list marked Exhibit "A".

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes, from May 4 1913 to Oct. 1, 1913 125 Sect.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Diversion works are complete and according to terms of permit except that the capacity is only sufficient for 350 cusecs per sec.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. _____

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Shown on exhibit "B"

(Sign here.)

Chas M. Coard.

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Homedale, County of

Payson, State of Idaho, on this Twenty-first day of February A. D. 1914

L. B. Yaden

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. W. P. Peter, age 43, Residence Homedale, Ida.
P. O. Spring

Ques. 2. Are you acquainted with Chas McBoard, the

holder of Permit No. 7982, authorizing the diversion of 650 second-feet of the waters of
Snake River, at Shown by Exhibit # C
for Domestic purposes? How long have you known him, and where does he reside?

Ans. Two years. Resides at Homedale, Ida.

Ques. 3. Have you read or heard read said Permit No. 7982, and are you familiar with its terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. Description shown by Exhibit A - Agricultural
land. 5 350 cu. ft. per sec.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes. Capacity of 350 cu. ft. per second only.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Pumping Plants #s 1 & 2, described by
Exhibit B

(Sign here.)

W. P. Peter

EXHIBIT "B"

Buildings cost \$72,800. Plant # 1, 138X58 feet, concrete thru-out; plant # 2, 42 X 26, concrete building.

Machinery cost \$119,700. At Plant # 1 or upper plant the principal machinery consists of 3 Worthington Volute 18-inch pumps driven by 3 direct connected, Westinghouse, 1025 H.P., 22,000 volt, 3-phase, 60 cycle, 865 R.P.M. motors, furnishing water for A canal through a 54-inch continuous wood stave pipe with 175 ft. head. Two Worthington Volute 20-inch pumps driven by 2 direct connected, Westinghouse, 700 H. P., 22,000 volt, 3-phase, 60 cycle, 700 R.P.M. motors, furnishing water for B canal through a 48-inch, continuous wood stave pipe with 105 ft. head.

Two Worthington Volute 20-inch pumps, driven by 2 direct connected, Westinghouse, 330 H.P. 22,000 volt, 3-phase, 60 cycle, 495 R.P.M. motors, furnishing water for C canal through a 42-inch continuous wood stave pipe with 70 ft. head.

Three Westinghouse 2,000 K.V.A., single-phase, 60 cycle, 6000 to 2300 volt transformers.

Three Allis-Chalmers 250 K.V.A., single-phase, 60 cycle, 22,000 to 2,200 volt transformers.

Four Westinghouse 3-phase, 66,000 volt - maximum 7,000 volt - electrolytic lightning arresters.

Four Westinghouse, 3-phase, 22,000 volt + maximum 25,000 volt - electrolytic lightning arresters.

Three Westinghouse 300 amp., 60,000 volt circuit breakers, control voltage I.

Whitney Foundry 10-ton crane.

EXHIBIT "B"

At Plant # 2, or lower plant, the principal machinery consists of:

Two Worthington Volute 14-inch pumps, driven by 2 direct connected, Westinghouse, 275 H.P., 22,000 volt, 3-phase, 60 cycle, 1150 R. P.M. motors.

Three Allis-Chalmers, 200 K.V.A., 22,000 volt to 2,200 volt single-phase, 60 cycle transformers.

Four Westinghouse, 22,000 volt - maximum 25,000 volt - 3-phase, electrolytic lightning arresters.

One Westinghouse, 100 amp., 22,000 volt, Oil Circuit Breaker, control voltage 1.

A Westinghouse switchboard is installed in each plant.

Transmission line between the two plants cost \$19,700, 22,000 volt 3-phase line 12.5 miles long.

Canal System cost \$534,800 including main canals and laterals, pipe lines, flumes, headgates, spillways, bridges and drain culverts.

Size of Main Canals as follows: Starting at Plant # 1:

Name of: Canal	Bottom: Width:	Banks: :	Depth of: Water	Area:	R	:	S	:	Q
A	10 ft.	6 X 6	3.7	64.4	2.43	.0003	1.84		118.5
B	9 "	6X5.4	3.4	53.72	2.22	.0003	1.72		92.4
C	8 "	6X4.6	2.8	38.08	1.86	.00035	1.63		62.07
Starting from Plant # 2.									
D	5 ft.	4 X 4	2.2	20.68	1.39	.0005	1.58		22.67

Total cost of works \$747,000.00.

EXHIBIT "C"

Plant # 1 diverts water from Snake River at a point whence the NE corner of Section 15, Twp. 2 N., R. 4 W., B.M. bears N. 74° 15' W. 1435 feet. Authorized amount to divert at this point is 500 cu. ft. per second.

Plant # 2 diverts water from Snake River at a point whence the N $\frac{1}{4}$ corner Section 5, Twp. 3 N., R. 5 W., B.M. bears S. 15° 40' W. 2500 feet. The permit shows this bearing as S. 11° 00' W. 2500 ft. The authorized amount to divert at this point is 150 cubic feet per second.

State of Idaho

A. E. ROBINSON
STATE ENGINEER

ENGINEERING DEPARTMENT BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Charles McCoard,
c/o L. B. Yaden,
Homedale, Idaho

Boise, Idaho, Jan. 30, 1914.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under your permit No. **7982.**

Deposition of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On **February 21st,** the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at **Homedale,**
before L. B. Yaden, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00, where amount claimed does not exceed 10 second feet. Where more than 10 second feet is claimed, the fee required is 30 cents per second foot. When these have been received, together with report of the examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

A. E. ROBINSON,
F. P. KING, ~~XXXXXXXXXX~~
State Engineer.

7982

(P. O.) *Silver City Idaho*
(Date) *Jan 19th 1914*

State Engineer, Boise.

Dear Sir:

I have your letter of *Jan 16 1914* enclosing Notice of Proof
of Completion of Works under Permit No. *7982* which will be published
as you request, beginning with our issue of *January 23 1914*

J. F. Hanagan

7982

January 16, 1914.

Permit 7982 - Gem Irr. Dist.

John C. Rice, Attorney
Caldwell, Idaho.

Sir:

In reply to your letter of the 15th inst., relative to date of proof under above permit, would say that, in view of the fact that the notice is required to be published four full weeks prior to the date of proof, I have set February 21st instead of February 14th as the date for making the proof and am today mailing the notice to the Owyhee Avalanche. If this is not satisfactory, please to advise at once.

Very truly yours,

F. P. KING,

State Engineer.

7982

JOHN C. RICE
ATTORNEY AT LAW
CALDWELL, IDAHO

January 15, 1914

Hon. F. P. King, State Engineer,
Boise, Idaho.

Dear Sir:-

In the matter of offering proof for the completion of works in the Gem Irrigation District, beg to state that the Blanks may be filled by inserting the name of L. B. Yaden, notary public, as the officer; Homedale as the place, and February 14th as the date on which such proofs will be taken. That will give time for the four weeks publication.

Yours very truly,

JCR-GY.

7382

January 12, 1914.

Permit 7982- Gem Irr.Dist.

John C. Rice, Lawyer,
Caldwell, Idaho.

Sir:

Am today in receipt of your letter enclosing notices for proof of completion of works under above permit. In reply would say that you should set the date and give us the name of the officer be ore whom proof is to be made and the name of the place at which proof is to be taken. If you will send us this information, we will insert same in the notices on file here.

Very truly yours,

F. P. KING,

State Engineer.

By _____

7982

JOHN C. RICE
ATTORNEY AT LAW
CALDWELL, IDAHO

January 10, 1914.

Hon. F. P. King,
Boise, Idaho.

Dear Sir:-

I hand you enclosed in duplicate, notice for publication for completion of works by the Gem Irrigation District, also the authorization to publish the same in the Owyhee Avalanche, Silver City, signed by the Gem Irrigation District and its engineer. We have assumed that you would wish to fix the date and name the party before whom the proof would be made.

7982

Yours very truly,

A handwritten signature in dark ink, appearing to read "John C. Rice", written in a cursive style.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) Jan, 8, 1914.
(P. O.) Homedale, Ida.

To the State Engineer,
Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the
Owyhee Avalanche Silver City, published in the
county in which the works are situated.

Gem Irrigation District
by Chas. M. Coard, Trustee.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

C. L. Van Buskirk
Engineer.

Notice of Publication

Notice is hereby given that at 2 P. M., on the 21st day of February 1914, at Homedale County of Owyhee, State of Idaho, before L. B. Yaden, notary public, proof will be submitted of the completion of works for the diversion of 650 cubic feet per second of the waters of Snake River

in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Gem Irrigation District Charles McCoard, Trustee.

2. The postoffice address of such person or principal place of business of such corporation is Homedale, County of Owyhee, State of Idaho.

3. The number of such Permit is 7982, and the date set for the completion of such work is January 20 1917.

4. Said water to be used for Irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 31,000 cubic feet per second.

6. The amount of lands for which said water is available is _____ acres, particularly described ~~as follows:~~ in schedules annexed hereto, marked Exhibit "A".

7982

F. P. KING, State Engineer.

Bond.

— Charles McCoard

KNOW ALL MEN BY THESE PRESENTS, That Trustee for Gem Irrigation District of Homedale, Idaho, as principal, and FIDELITY AND DEPOSIT COMPANY of MARYLAND and of Baltimore, Maryland as surety of ~~as sureties~~, are held and firmly bound unto the State of Idaho in the full and just sum of THIRTEEN HUNDRED and No/100 (\$ 1300.00) Dollars, lawful money of the United States, to the payment of which sum, well and truly to be made, said principal and sureties bind themselves, their heirs, administrators, executors and assigns, jointly and severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the 1st day of December, 1911, filed in the office of the State Engineer in Boise, Idaho, a certain application for permit to appropriate the public waters of the State of Idaho, the said application being thereupon numbered No 11716, in accordance with which said application the State Engineer granted and issued to the said principal herein a certain permit numbered No 7982, a full, true and complete copy of which application No 11716 and permit No 7982, is of record in the office of the State Engineer, in Book of Permits, at page 798

Now, if the above bounden principal shall faithfully carry to completion the said works of diversion as specified in said application No 11716 and permit No 7982, in the manner and form prescribed therein and within the time therein allowed, then the above obligation to be void, otherwise to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and sureties have hereunto set their hands and seals, this 19th day of March, 1912.
WITNESSES:

Ralph Smith
