Subject: Application for Water Right Permit 65-23595

Mr. Allen:

We are in the process of preparing your application to be advertised and have just one question for you. You stated on the application form that you use Boulder Creek Irrigation District water on 17 of your acres. We also noticed that your property is not within the Boulder Creek Irrigation District boundaries. Do you pay for your Boulder Creek water or are you using waste water from their system? This will not hold up the processing of your application for permit but is something we would like an answer to.

If you have any questions regarding your application or the above question, please do not hesitate to contact me by e-mail or phone at 334-2190. Thanks for your attention to this matter.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
