RE: Statement of Completion for Water Rights Permit # 94-09294.

Dear Mr. Davis:

Please find attached the Idaho Department of Environmental Quality's (DEQ) "Statement of Completion for Water Rights Permit # 94-09294". Also attached is DEQ's fee of \$50, and copies of the "Permit (#94-09294) to Appropriate Water, Well Drilling Permit (#872359), the Well Driller's (H2O Well Service Co.) well log, the AVISTA/DEQ Electric Service Extension Agreement (#148368854), and the ALLWEST Testing and Engineering Well Installation Report (Project #114-165G). We believe this should provide you with all of the supporting information you require prior to your visit to the site.

Although the system has been installed and was used during the 2014 construction season, DEQ is winterizing the system. We therefore respectfully recommend that your water Rights Inspection is conducted sometime after June 1, 2015. We will however, make DEQ staff available to escort you to the site at a time of your convenience and choosing. Please contact me at 208-783-5781 if you have any questions or comments regarding our submissions.

Sincerely,

A handwritten signature in black ink, appearing to read "Bruce A. Schuld".

Bruce A. Schuld
Kellogg BHSS Project Manager
