Subject: Applications for Extension of Time to Avoid Forfeiture (5)

Dear Allen,

Please find enclosed five applications for extensions of time to avoid forfeiture of water rights from the Big Wood River. As stated on the applications, the applicant is currently prevented from using his rights due to disrepair of the local area ditches and the complications of ditch repair and maintenance in a subdivision development. The local area water master (Kevin Lakey) recommended action be taken to protect the rights.

Please let me know if you have any questions concerning the applicant's proposal to protect the subject water rights.

Sincerely,

Roxanne Brown
Water Rights Specialist
