RE: Status of Protest against Lind Permit No. 65-23554

Dear Ms. Baker,

On July 24, 2014, a Pre-hearing Conference, to which you attended, was held in regards to Permit 65-23554. All parties in attendance were given opportunities to make heard any concerns, issues and/or questions. The conference concluded with an agreement that you would decide what, if any, concerns you still had. The date of September 1, 2014 was set for a deadline on your protest status.

As of today, the Department has not received the status of your protest. Please respond within the week. Should you have any questions, please call 208-334-2190.

Sincerely,

John Westra
Western Regional Manager
