

MEMORANDUM

January 5, 2015

I received a phone call today from the water master of 71 – Jan Skrukrud. She was responding to e-mails that I recently sent; regarding correspondence that has been returned to the department by the Post Office. "Temporarily Away"

She indicated that she has received the e-mails and is in fact in Nevada for the winter. She also provided a temporary address, in order for us to send hard copies of any necessary correspondence.

** Jan was also calling to provide necessary water master comments that the department recently requested for transfer 79678 (Browning); and transfer 79715 (Ketchum Long Island LLC). She has no comments / no issues with either of these transfers being approved, etc.; as long as measurement devices are installed.

Copy for: 79768 (Browning)
79491 (Salmon Falls Land & Livestock)
71-10949 (Salmon Falls Land & Livestock)
79569 (Engh)
79715 (Ketchum Long Island LLC)

→ Copy of Approval docs sent again
