RE: Change in Ownership Water Right No. **34-14044, 34-13836, 34-439A & 34-10717**

Dear **Sir/Madam:**

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership.

Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

**** **Evidence of Ownership:** The deed the department received with your application for an ownership change for water rights 34-14044, 34-13836 and 34-439A does not cover any portion of the ground these water rights are appurtenant to. Please supply a copy of the deed indicating your ownership in the last appurtenant to the water rights listed above. I have enclosed a copy of the proof reports showing the legal place of use of the water rights for your convenience. It appears water right number 34-10717 may require a split. Please find attached a copy of the proof report with the parcels in question highlighted. Please supply evidence of ownership for the entire water right or the additional fee in order for the department to complete a split application. The split fee is \$100.00 per water right therefore you owe an additional \$75.00.

Because the Department cannot process the ownership change without proper documentation/fees, we will hold any action on your notice pending receipt of the necessary information/fees. **If we do not receive the necessary information/fees within 30 days we will return your notice and all attachments and your notice will not be processed.**

Please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact the Department if you have any questions.

Sincerely,

Jonie Barg
Technical Records Specialist
