Blake,

I apologize for not attending to this earlier. This looks great. I will get it signed and send it to you together with the big-bucks. Thanks.

Hi Vic,

I was wondering if you could give me an update on the amendment of permit I sent to you for signature?

Thanks,
Blake

Hi Vic,

Attached is an Application for Amendment of Permit for water right 29-7437. As we have discussed the actual irrigated place of use is slightly different than the place of use recorded under the permit. Please review the application and map if you agree with the changes have the application signed and return it along with \$100.00 filing fee to me.

Let me know if you have any questions

Blake
