RE: Notices of Change in Water Right Ownership for Water Right Nos. 31-7261, 31-335A, 31-372, and 31-4009.

Dear Jonie:

Enclosed for processing are two *Notices of Change in Water Right Ownership* which split the above referenced water rights. The water rights are currently in the name of Carl Lundholm, who is now deceased. As part of the estate settlement, Duane Lundholm received an additional ten acres of property to the ten acres that he was previously deeded by Carl Lundholm. He now owns the entirety of the east half of the SE¼ of the NE¼ of Section 34, Township 7 North, Range 35 East. As part of the estate settlement, Duane was to receive 17 acres in water rights, which first necessitated a transfer application to fix the place of use for all of the water rights. This transfer was recently approved as Transfer No. 79336. We have prepared a spreadsheet which outlines the split of each of these water rights and how they should be allocated to Duane.

We have also submitted a *Notice of Change in Water Right Ownership* for Lundholm Enterprises, LLC. This is an entity made up of Carl and Larry Lundholm, Duane's two brothers. In the estate settlement, Larry received the Section 35 property, and both Carl and Larry jointly received the remaining Section 34 property (minus Duane's property). They then each conveyed their interests to Lundholm Enterprises, LLC, which is evidenced by Instrument No. 411872. With these deeds, you should have all the information you need to split the water rights accordingly. Because each side is technically requesting a water right split, we have submitted a \$200.00 filing fee for each *Notice of Change of Water Right Ownership*. We have also included maps to depict Duane's property in blue, and to illustrate the split.

If you have any questions or concerns, please do not hesitate to give me a call.

Best Regards,

Robert L. Harris
