RE: WATER RIGHT NOS 36-16140 and 36-16839

Dear Mr. Shillington:

The water rights referenced above are currently leased to the Idaho Water Resource Board's Water Supply Bank and were rented in 2014. We are currently processing payments to lessors.

While researching these water rights and attempting to contact the company that we have listed as the owners, I discovered that the property where these water rights are located may now be owned by you. I have included a map showing the property in question. If this property belongs to you and the water rights were not excluded when you purchased them, you should file a change of ownership form (included) with the department. This will need to be accompanied by a copy of your warranty deed and the processing fee (\$25.00 per water right). Once we have recorded the change of ownership, we will then be able to process your payment with the required Internal Revenue Service Form W-9 (enclosed). These forms can also be obtained from our web site at www.idwr.gov.

Generally the name of the lessor and the name on the W-9 match. However, if they do not match in your case, you will need to provide documentation of authority to receive payment. The Department will update the address associated with the water right to the address provided on the W-9 form unless otherwise requested by you.

Please return these forms within ten (14) days from the date of this notice, along with any additional documentation to my attention. If you have any questions or no longer have an interest in the water rights, please contact me at (208) 287-4910.

Sincerely,

Clay Webster
Water Resource Agent
