A. PURPOSE OF TRANSFER

1. ☐ Change point of diversion ☒ Add diversion point(s) ☒ Change place of use
☐ Change nature of use ☐ Change period of use ☒ Other Ownership Change
2. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.2**.

AMENDED

This transfer proposes to add one point of diversion and change the place of use for right 29-2481. An ownership change will also take place.

One additional point of diversion is proposed in either the NENE of Section 18, T07S R39E, or the SESE of Section 7, T07S R39E. Two locations are requested in order to offer flexibility in the event that the first drilling site is dry. Upon completion of the drilling, the applicant will notify the department of the location of the additional well.

A total of 6.2 acres in the place of use are proposed to be altered according to the following table (all sections are in T07S R39E).

Acres From	Acres To
Section 7 SENE: 0.7	Section 08 SWSW 1.2
Section 7 NESE: 1.9	Section 18 NWNE: 5
Section 18 NENE: 2.3	
Section 18 SENE: 1.3	
<i>Total: 6.2</i>	<i>Total: 6.2</i>

This cover letter accompanies an amended application, which alters the POU proposal. It reflects that the applicant could not secure permission from the owner of property in the NWNW of Section 17, T07S R39E, to move 1.6 acres onto that ground. The acres instead will remain in the NESE of Section 7.

The POU proposed in the application and the proposed shape appear slightly different due to a difference between the PLSS grid and aerial photography.
