RE: Additional Information Request for Permit 95-16805

Dear Mr. and Ms. Servine:

On July 1, 2014, you filed an application for permit to appropriate water for a domestic use from Coeur D Alene Lake in Government Lot 4 (NWSW) of Section 19, Township 48 North, Range 4 West. The application was approved and water right permit 95-16805 was issued on September 8, 2014. On November 28, 2014, you filed a proof of beneficial use statement claiming that you developed the domestic use under water right permit 95-16805.

I am now trying to verify the water use under 95-16805, and license this water right permit. I have attached a copy of the permit and the map supplied by you for this water use. Due to the size of this permit, not a great deal of information is needed to verify the water use and license the permit.

I attempted to email you on December 3, 2014, but it didn't seem as though I had the correct email address. The following information is all that is needed to verify the water use for this permit:

1. Your water right permit required that you have a $\frac{1}{4}$ (0.25) inch fish screen on your pump. In order to verify the fish screen requirement, all I will need is a photo of the screen, or a bill or invoice showing the screen was installed on the pump.
2. I would also like to verify that you installed a $\frac{1}{2}$ (0.5) Hp water pump as your stated on your permit. You have the right to install any pump that would allow you get to the permitted diversion rate, so I wanted to make sure what size pump your used. All I need for this request is written or verbal confirmation of the pump used.

You can request that IDWR personnel go into the field to collect this information accompanied by a member of your staff/organization. For this to occur, please contact me with the name, telephone number, and email of your representative and the representative must be available to be contacted and for scheduling of the required visits within thirty (30) days. IDWR must also receive the contact information of your representative in a timely manner.

If I do not receive the requested information from you within thirty (30) days, I will take action to void your permits under the provision of Section 42-219(8) of the Idaho Code. You can send the necessary information by mail or email

Respectfully,

A handwritten signature in black ink, appearing to read "Daniel A. Nelson", with a long horizontal flourish extending to the right.

Daniel A. Nelson
