Sharla,

This is the first time I've worked with a FS permit where we had more than one individual improvement. We no longer do business this way. In any event, 67-07881 is for 4 stockwater ponds. It turns out that only three ponds were constructed. Two of the remaining three are in adjacent quarter-quarters. So it appears that a Permit Amendment is in order. I've attached supporting information and also did a mark-up of the Permit Report so that I could track what I was assembling. If this information all aligns properly, if you would email to me the appropriate Permit Amendment I will get it signed and returned to you with the appropriate fee as quickly as possible.

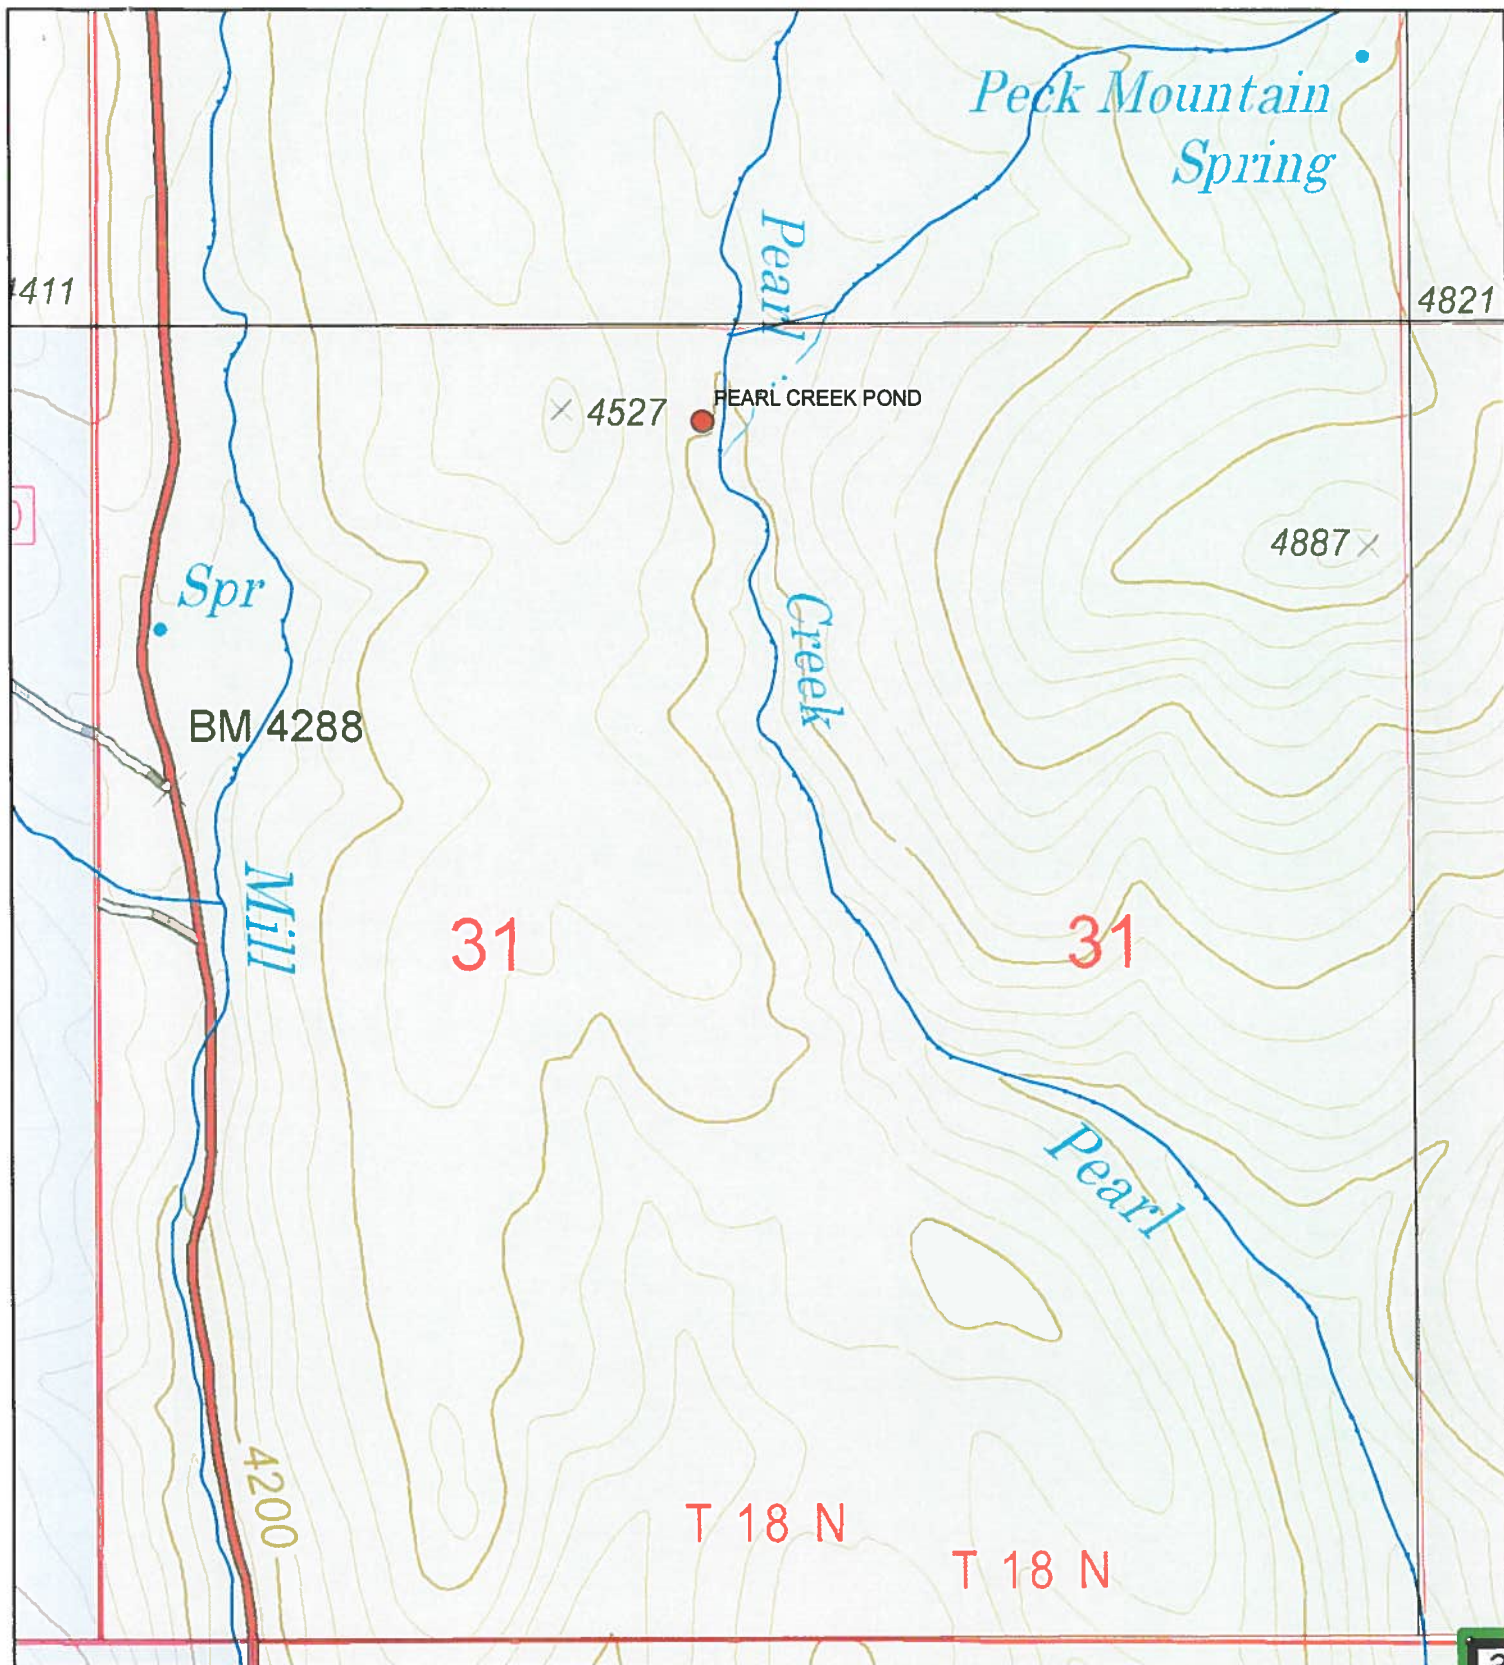

If you have any questions about 67-07881 please contact me. Information on the other two, 67-07882 and 67-07905, is forthcoming.

Thank you,

Steve

View of pond standing on dam.

Allotment: Mill Creek Unit: Peck Mountain
Observer: McMorris, Stephens, Moffat Date: 4/30/2014

View of Grouse Creek Pond 2 looking towards dam. Pond is located SESE sec 29 T18N R2W. UTM is 531556 E 4967898 N, NAD 83 Zone 11N.

View of pond standing at the side. Dam is shown on the left side of the photo. Inlet is on the right side of the photo.

Water percolates and seeps very rapidly through this pond. The bottom will receive a layer of Bentonite clay in the near future to restore it to hold water for a longer period of time.

Hi Sharla, I have posted in today's mail the amendments for 67-07905, Timber Gulch Creek Pond, and 67-07881, Badger Gulch Creek Pond, Pearl Creek Stockpond, and Unnamed stream (trib to Badger Gulch Creek). Documents have been signed by the Forest Supervisor, Keith Lannom, and I have included the required fees. Thank you so much, if you have any questions, please call me at: 208 634-0795. Take care, Holly

Attachments: AmendmentLicense 67-7881.rtf; AmendmentLicense 67-7905.rtf

Steve,

Here are the two licensing amendments that are ready for signature. Please note the source on 67-7905 has been changed according to our data entry standards (we don't use gulches as sources, we name them __ gulch creeks).

And I have added Stockwater Storage as a use to 67-7905 because it made sense to have that on the right just like we do most other BLM and FS rights.

Let me know if you have any questions or concerns. I will place these on **call-up** for **60 days** to allow you to get the signed versions and fees to us.

Thanks for your help.

Sharla

Steve,

I have not received any update from you since the federal furlough. I've attached proofs for the **three** permits I'm trying to finish up. I'll have to proceed with voiding the permits in 30 days if we don't get the information needed to complete licensing.

Can you check on these and let me know the status?

Thanks for your help with these!!! I really appreciate it.

Subject: Progress

Hi there.

Please to not reply to this message. All you will get is a message that I am on furlough. As you know the federal government is shut done. I'm trying to make some final business contacts to let you know the FS is making progress on the various water right business you are work on with me – mostly permits going to license. I'll get information to you and/or contact you when I'm able to come back to the office.

Danielle, most of my work is with you. I know my folks in Salmon have two or three amendments that they will send as soon as the government can write a check again. And they also have completed field work on two or three more sites that they need to write up and send to me. So again, the work is progressing.

Thank you each for your patience. I hope to be able to contact you soon about our business.

Good morning Steve,

In February I sent you proof reports of six (6) permits that we needed information for in order to license them. Three of the six have since been licensed based on the information you collected and forwarded to me. However, I have not received information for the remaining three.

Can you check on these and let me know the status? I've enclosed proof reports for them.

Thanks for your help with these.

Sharla
