Good afternoon, Chantell,

Please publish the attached legal notice on the dates indicated, December 18 and 25, 2014 (once a week for two consecutive weekly issues). If you can't publish the notice on the proposed dates, please contact us immediately.

Please ask the people doing layout/setup to particularly note the areas under "**Use:**" ~ that's where the dates and amounts (cfs) are listed. They need to be offset and lined up as submitted.

This should be very close to press-ready – for **2-column**, 8 pt, Century Old Style font. Should only require minor adjustments.

Please send a proof/preview copy for my review before this actually goes to press.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 1/5/2015. Your cooperation is always appreciated.

Thanks for the part you play in seeing that our legals publish as submitted.

Re: Application for Water rights to appropriate the Public Waters of the State of Idaho:

After reviewing the water permit and well driller's reports for this application we have discovered that fee for your well needs and upgrade. I have enclosed copy of the driller report (D0045188) that indicate domestic use only in line #4. This means the driller bought a permit for \$ 75.00 in 2006 for domestic use of one home not 3 homes and (Not Irrigation). The one time well upgrade fee is \$125.00. The other well has no drillers report so no upgrade fee on that one. I number the three applications on the top left corner.

- Application for ground water (Well)= \$100.00 Paid
- Well up grade =\$125.00
- Your Fee is \$125.00

Once the department receives these additional fees, processing of the water applications can continue. If you have any questions, please call me at 208-762-2800 or email me at eric.davis@idwr.idaho.gov Please respond within 15 days.

Sincerely,
