Re: Joseph Landon 34-14384

Dear Mr. Cefalo:

It is necessary to update the point of diversion of water right 34-14384. The point of diversion for 34-14384 is located in the SWNW of Section 6 of Township 06 North and Range 25 East.

The new point of diversion is an existing well that has a flow measurement device installed. The point of diversion is owned by Joseph Landon

No ESPA model analysis was performed because the From and To wells are within the same ESPA model cell. Therefore, no model analysis is required.

Please copy our office on all correspondence regarding this transfer application.

Sincerely,

Greg Sullivan, M.S., Engineer
