Blake:

Attached is the map identifying the 80 acres of land that will be irrigated with surface water within Perkes' 594 acre PPOU. I will email you the shapefile is just a minute. The 80 acres consists of the full small pivot, the two corners, and a portion of the wiper pivot in the middle. Perkes has the ability to program in the stopping point on the pivot.

Let me know if you have any questions.

Thanks,

Robert L. Harris
