RE: *Original Executed Stipulation for Withdrawal of Protest in the Matter of Application for Transfer No. 79006 in the Name of Marshall Todd and Norma Perkes.*

Hearing Officer Cefalo:

Enclosed is a fully executed *Stipulation for Withdrawal of Protests* concerning the above-referenced matter. I have also copied this letter and the stipulation to all of the signators to this stipulation in order to provide them a fully executed copy of the stipulation.

As contained in the stipulation, it effectively modifies the original transfer filing such that the water rights owned by Perkes will hereafter contain the elements listed on Exhibit 7. Paragraph 3 of the stipulation provides that two conditions that are to be included the transfer approval. While there are a number of exhibits, they are generally for information purposes and do not relate directly to the transfer approval, but do document agreements between the parties as they move into the future to potentially amend their existing exchange agreements.

If you have any questions or concerns, please let me know. We anticipate you will issue the transfer approval within the next few weeks.

Best Regards,

Robert L. Harris
