Scott,

Thanks for your quick response. I should be able to accomplish what I need with these files.

Hello Pam,

Does this work for you? The shape is subdivided by QQ tract and the primary vs supplemental status identified.

Please let me know if you need anything else. Happy Thanksgiving to you and yours as well.

Scott

Hello Scott,

I apologize for the lengthy period between your submission of this exam and my review. I am preparing this right for amendment and licensing now. I wonder if you could provide the POU shapefile shown in your map attachments. It would be helpful and consistent with your recommendations. I haven't worked all the way through yet, but your exam appears reasonable and complete.

Hope you have a great Thanksgiving with family and friends.

Pam
