STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

Transfer No. 79125

FEB 24 2014

Department of Water Resources
Eastern RegionMINIMUM REQUIREMENTS CHECKLIST
TO BE SUBMITTED WITH APPLICATION FOR TRANSFER

An application for transfer must be prepared in accordance with the minimum requirements listed below to be acceptable for processing by the Department. Incomplete applications will be returned. The instructions, fee schedule, Part 2A reports and additional Part 2B forms are available from any Department office or on the Department's website at <http://www.idwr.idaho.gov/>.

Name of Applicant(s) SCOTT NELSON

Check whether each item below is *attached* (Yes) or *not applicable* (N/A) for the proposed transfer.**Yes N/A** *Means the item is always required and must be included with the application.

- ☐ * Completed Application for Transfer of Water Right form, Part 1.
- ☐ * Signature of applicant(s) or applicant's authorized representative on Application for Transfer Part 1. Include evidence of authority labeled Attachment #3 (see below) if signed by representative.
- ☐ * Application for Transfer Part 2A. Attach a Part 2A report describing each water right in the transfer as currently recorded.
- ☐ ☐ Complete and attach an Application for Transfer Part 2B for each water right for which only a portion is proposed to be changed through this transfer application
- ☐ * Application for Transfer Part 3A is always required (see Attachment #7a below); Parts 3B and 3C must be completed for transfer applications proposing to change the nature of use of the water right(s) or proposing changes to supplemental right(s).
- ☐ * Correct fee submitted with transfer application form. (Fee schedule is on website and instructions for application for transfer.)

Attachments to Application - Label each attachment with the corresponding number shown below as Attachment #1-9.

- ☐ ☐ #1 If the applicant is a business, partnership, organization, or association, and not currently registered in the State of Idaho as a business entity, attach documentation identifying officers authorized to sign or act on behalf of right holder. (See Part 1.)
- ☐ ☐ #2a Water Right ownership documentation if Dept. records do not show the transfer applicant as the current water right owner.
- ☐ ☐ #2b If the ownership of the water right will change as a result of the proposed transfer to a new place of use, attach documentation showing land and water right ownership at the new place of use. Include documentation for all affected land and owner(s).
- ☐ ☐ #3 Documentation of authority to make the change if the applicant is not the water right owner.
- ☐ ☐ #4 Power of Attorney or documentation providing authority to sign or act on the applicant's behalf. (See Part 1.)
- ☐ ☐ #5 If the transfer application proposes to change the point of diversion for a water right affecting the Eastern Snake Plain Aquifer (ESPA), attach the results of an ESPA analysis and a detailed mitigation plan to offset any depletions to hydraulically connected reaches of the Snake River. ESPA transfer spreadsheet and model grid labeled cells are available on the Department's website at <http://www.idwr.idaho.gov/WaterManagement/WaterRights/WaterRightTransfers/resources.htm>.
- ☐ ☐ #6 Notarized statement of agreement or a statement on official letterhead signed by an authorized representative from each lien holder or other entity with financial interest in the water right(s) or land affected by the proposed transfer. (See Part 1.5.c.)
- ☐ * #7a Attach a map identifying the proposed point(s) of diversion, place(s) of use, and water diversion and distribution system details as described on the application. Include legal description labels. If only a portion of the right is proposed to be changed, identify the current location of the part of the existing right(s) proposed to be changed. (See Part 3A.)
- ☐ ☐ #7b If the transfer application proposes to change the place or purpose of use of an irrigation right attach a Geographic Information System (GIS) shape file, or an aerial photo or other image clearly delineating the location and extent of existing acres and changes to the place of use.
- ☐ ☐ #8a If the transfer application proposes to change the nature of use or period of use for one or more rights, provide documentation describing the extent of historic beneficial use for the water rights proposed to be transferred and document how enlargement will be avoided. (See Part 3B.)
- ☐ ☐ #8b If the transfer application proposes to change the place of use of a supplemental irrigation right, provide documentation regarding the historic use of the supplemental right(s) and availability or reliability of the primary right(s) being supplemented, both before and after the proposed change. (See Part 3C.)
- ☐ ☐ #9 Other. Please describe: _____

Signature of Applicant or Authorized Representative Print Name and Title if applicable Date

Signature of Applicant or Authorized Representative Print Name and Title if applicable Date

A. PURPOSE OF TRANSFER

1. Right Split POD POU Add POD Period of Use Nature of Use
11-73 No Yes Yes No No No
2. Describe your proposal in narrative form, including a detailed description of non-irrigation uses to justify amounts transferred (i.e. number of stock, etc.), and provide additional explanation of any other items on the application. Attach additional pages if necessary and label it **Part 1A.2**

The applicant proposes to change the POD and the POU, as well as an ownership change. The new POD will be the Paris Relief Canal.

APPLICATION FOR TRANSFER OF WATER RIGHT PART 1 Continued

B. DESCRIPTION OF RIGHTS AFTER THE REQUESTED CHANGES. IF THE RIGHTS ARE BEING SPLIT TO A SEPARATE SYSTEM, DESCRIBE PORTIONS TO BE CHANGED TO A SEPARATE SYSTEM AS THEY WOULD APPEAR AFTER THE REQUESTED CHANGES.

1. Detailed Water Right Description(s) Attached labeled Part 1.

Summary of Water Rights After the Approved Change

Transferred Right (All or Part)	Transfer Rate	Transfer Volume	Acre Limit	Total Acres	Original Right (Remaining Portion)	Remaining Rate	Remaining Volume	Remaining Acre Limit	Remaining Total Acres
11-73	0.750 cfs	N/A	N/A	80.0		N/A	N/A	N/A	N/A
COMBINED									
TOTALS	0.750 cfs	N/A	N/A	80.0		N/A	N/A	N/A	N/A

2. Total amount of water proposed to be transferred or changed 0.75 cubic feet per second and/or _____ acre-feet per annum

3. Points(s) of Diversion:

☐ No changes to point(s) of diversion are proposed-the following chart is therefore not completed. (Proceed to #4.)

☒ As shown in Part 1.

☐ Attach Eastern Snake Plain Aquifer analysis if this transfer proposes to change a point of diversion affecting the ESPA. Label it **Attachment #5.**

4. Place of Use:

☐ No changes to place of use are proposed. (Proceed to #5.)

☒ As shown in Part 1.

☐ See Attachment.

APPLICATION FOR TRANSFER OF WATER RIGHT
PART 1 Continued

5. General Information:

- a. Describe the complete diversion system, including how you will accommodate a measuring device and lockable controlling works should they be required now or in the future
Into a ditch which feeds an already existing pivot out of the canal.

- b. Who owns the property at the point(s) of diversion

Eric Matson
If other than the applicant, describe the arrangement enabling the applicant to access the property for the diversion system:
The Paris Relief Canal Co. Has a 50ft easment

- c. Are the lands from which you propose to transfer the water right subject to any liens, deeds of trust, mortgages, or contracts?
No, ☒ If Yes, ☐

Attach a notarized statement from the holder of the lien, deed of trust, mortgage or contract agreeing to the proposed changes on official letterhead signed by an authorized representative. Label it **Attachment #6**. List the name of the entity and type of lien:

It is the applicant's responsibility to provide notice to lien holder, trustee, mortgagor, or contract holder of the proposed changes that may impact or change the value of the water rights or affected real property. Any misrepresentation of legal encumbrance on this application may result in rejection of the application or cancellation of an approval.

- d. Describe the effect on the land now irrigated if the place or purpose of use is changed pursuant to this transfer:

- e. Describe the use of any other water right(s) for the same purpose or land, or same diversion system as right(s) proposed to be transferred at both the existing and proposed point(s) of diversion and place(s) use:

Paris Relief shares will be used in addition to the 0.75 cfs. We have 29 shares, totaling 0.58 cfs,
that will feed the same pivot.

- f. To your knowledge, has/is any portion of the water right(s) proposed to be changed:

Yes	No	
☐	☒	undergone a period of five or more consecutive years of non-use,
☐	☒	currently leased to the Water Supply Bank,
☐	☒	currently used in a mitigation plan limiting the use of water under the right, or
☐	☒	currently enrolled in a Federal set-aside program limiting the use of water under the rights?

If yes, describe:

of Eden County of Weber State of Utah, for the sum of
TEN DOLLARS AND OTHER VALUABLE CONSIDERATIONS-----DOLLARS
the following described tract of land in Bear Lake County, State of Utah,
PARCEL 1: IDAHO.

Commencing at the Southeast Corner of the Southwest quarter of the Northwest
Quarter of Section Ten in Township 14 South of Range 43 East of the Boise
Meridian, and running thence West 110 rods; thence North 80 rods; thence East
110 rods; thence South 80 rods to the place of beginning. ALSO Commencing at the
Southwest corner of the Southeast quarter of the Northeast quarter of

Section 9, Township 14 South of Range 43 East of the Boise Meridian, and
running thence East 50 rods; thence North 80 rods; thence West 50 rods; thence
South 80 rods to the place of beginning, containing in all 80 acres, according
to the Government Survey thereof.

Together with all water rights thereunto belonging or in anywise appertaining.
PARCEL 2:

Also, Beginning at the center of Section 9, Township 14 South, Range 43 East
of Boise Meridian, in Idaho, and running thence East 80 rods; thence North 80
rods; thence West 240 rods; thence South 80 rods; thence East 20 rods; thence
South 80 rods; thence East 60 rods; thence North 80 rods; thence East 80 rods
to the place of beginning and containing 150 acres of land, more or less.

Also, Commencing at the West Quarter corner of Section 9, Township 14 South,
Range 43 East of Boise Meridian, and running thence North 89°45' East 330 feet;
thence South 190 feet along the East boundary line of the Utah Power & Light
Co's ten acre tract to the point of beginning; Thence South 30°46' West 318
feet; thence South 6°11' East 80 feet; thence North 89°45' East 154 feet;
thence North 349 feet along the East boundary line of the Utah Power & Light
Co's Ten acre tract back to the point of beginning, containing approximately
0.77 acres. SAVE and except from the first described tract of parcel No. 2
that small piece of land heretofore deeded to the Utah Power & Light Company,
which said tract is located in the extreme Southwest corner of said first described
tract of said parcel no. 2 and contains one and a fraction acres.

Commencing at a point on the Southerly and Easterly side of Paris Canyon Road
in Bear Lake County, Idaho, at a point where said road runs in a curve in a
Northeasterly direction, and which said point of commencement is 2740 feet,
more or less, due East of the Northwest corner of the Southwest Quarter of
the Northwest Quarter of Section 9, Township 14 South of range 43 east of
Boise Meridian, and running thence along the South side of said road and
following the curve thereof in a general Northeasterly direction and then in
a Southeasterly direction to a point 2820 feet, more or less, due East of the
point of beginning; Thence West 2820 feet, more or less, to the point of
beginning. This deed is intended to convey to the Grantees all land owned by
the grantors herein in Section 9, Township 14 South, range 43 East of the Boise
Meridian lying South of said Paris Canyon Road.

Frank

3/14/2011 Annual Meeting Paris Relief Canal
7:00 PM
School Board Conference Room

President Jim Mattson called the meeting to order. There were 777.42 shares out of 815.52 total shares represented in the meeting.

Minutes from the 3/22/2010 annual meeting were read. A motion was made with a second to approve the minutes as read. Motion carried.

Financial statement for 2010 was read. Motion with a second was made to approve the financial statement. Motion carried.

Jim outlined how the meeting was to proceed. He explained how the rest of the Pioneer Irrigation shares could be moved up into the Relief Canal on a permanent basis. T. J. Budge addressed the issue of moving the Pioneer shares into the Paris Relief Canal. He explained that care would need to be taken because in the future one of the Pioneer shareholders could call for water in a place that there would not be a means to deliver this water.

Jim asked for a raise of hands of those share holders who felt like it was okay to offer the Pioneer share holders the opportunity to permanently move their shares into the Relief Canal. Most in attendance raised their hands.

Jim Mattson made a motion that with the approval of the Pioneer Irrigation Company the share holders of Pioneer Irrigation shares be allowed to transfer their shares permanently into the Relief Canal. The shares that would be transferred would retain the priority that they held in the Pioneer Irrigation Company. The Relief Canal would only be responsible to deliver water from the canal and pipelines that constitute the Relief Canal Main System at the present time. Laterals are not considered part of the main system. Dale Humpherys seconded the motion. All voted in favor.

Kendall Ward made a motion with a second from DeLoy Passey The Eggington water that Sterling Wallentine is purchasing will have the same opportunity to be permanently moved into the Relief Canal. It would have the same rights as the water being transferred from the Pioneer Irrigation Company. The Idaho Department of Water Resources would have to give their approval for this to happen. All voted in favor. Todd Wallentine moved with a second from Kendall Ward that Sterling Wallentines land (180 acres more or less) be included in the service area. The Board of Directors will deal with the Idaho Water Resource Board to arrange this transfer. Motion carried.

Steve Wallentine moved and Dale Humpherys seconded that Bruce Wallentine's land South of the Lanark Lane that was not in the service boundaries be included in the service area. It was mentioned that Bruce does not have enough shares in the pipeline

to water all of his land. The vote will be by shares. The vote was (766.92 yes / 10.5 no) to include the land south of the Lanark Lane. Motion carried.

Steve Wallentine moved that Bruce Wallentine's land north of the Lanark Lane be included in the service area. DeLoy Passey seconded this motion. The vote was (287.85 yes / 489.57 no). Motion failed.

Gary Scott moved that the land around the stock yards in Paris be included in the service area. Second by Dale Humpherys. The vote was (475.57 yes / 301.85 no). Motion carried.

Sterling Wallentine asked who owns the pipeline? He said that people who did not help pay to build the pipeline should not have a say in how it is ran.

Dale Humpherys made a motion with a second from Steve Wallentine that the new bylaws be approved. Bruce Wallentine abstained and everyone else voted in favor. Motion carried.

Eldon Bird moved and Kendal Ward seconded that the same directors from last year serve this year. Delmoine Hansen and Steve Wallentine declined to serve. No one else at the meeting was willing to serve. Motion passed for Jim Mattson, Dale Humpherys, and Todd Wallentine to be on the Board of Directors for 2012 and they will work to appoint two more board members.

Eldon Bird moved with a second from Steve Wallentine that the meeting be adjourned. Motion passed.

October 29, 2014
