July 22-24
August 4-6,11-14,18

One day is fine. Sooner preferred. The late Aug and Sept dates are open now but pending a Rangen mitigation plan hearing before the director which will have priority.

Thanks!

Randy, first of all, when would you like to schedule the hearing for? If you give me some tentative dates, I can forward them on to everyone and get their availability. Then I will tentatively calendar it.

Thanks.

Subject: P4 Production - Transfer No. 79037

Hi Sharla,

On the above the publication of the amended transfer application ends July 3rd with a protest deadline of July 13. We don't expect any new protestants. I have sent the attached letter to all protestants today and will be scheduling a meeting soon to try and resolve the protests. In the event that does not happen and to keep the matter moving along because P4 is anxious to get approval to drill the new south wells (per the amendment) which they would like to do in August to capture and reuse water with elevated selenium levels can we please get a hearing calendared now?

Thanks!

Randy
