ATTN: Pamela S. Skaggs, Water Rights Supervisor

RECEIVED

NOV 24 2014

DEPARTMENT OF
WATER RESOURCES

Greetings,

I am writing to request another extension of time to complete Transfer No.: 71811 of Water Right No. 63-32060. I would like to explain my reasons and intentions for this request.

I have been deployed several times in support of military operations overseas since 2005 with the Idaho Army National Guard. As a result, I have asked for several extensions to complete the transfer and our plans to build and develop the parcel associated with the water right have continually been disrupted. My position and military responsibilities continue to demand significant time. I am requesting an extension until 30 September 2017.

My intent is to complete one of the following courses of action within requested time-frame:

1. Develop the land to cultivate for the production of livestock feed or support livestock on the parcel itself.
2. Sell the 9.98 acre parcel for the purpose of developing into a rural residential home should the extension be approved.

The last approval for extension was approved and expired on July 26, 2012. The neighboring parcels have either been sold or developed. I am quite certain that no irrigation has occurred on the property from the original point of diversion. I am attempting to avoid forfeiture of the water right for non-use in hopes to maintain the usefulness and value of the property.

Your consideration and request for approval is greatly appreciated. Please contact me directly if you have additional questions or concerns.

Sincerely,

Danial and Jennifer Lister
