

File Review for: 29-13672

By: Sandy Hemenway

Date: 1/29/2013

- 10/25/2012 email from Craig Saxton to James Cefalo & Shelley Keen, ref: 29-13672 field exam needed to verify installation
ref: 29-13672 field exam needed to verify installation of data logger & measuring device
That Craig is waiting on Rob Wood, attny., to submit pictures & evidence of installed data logger by 10/19/2012
That Craig had also req. from Rob Wood the "units" for the data sheets prev. submitted (for meeting condition 8), &
none had been supplied.
- 10/16/2012 Conversation Memo from Craig Saxton, ref: Proof of Benf. Use for Permit 29-13672
Phone conversation between Craig and Rob Wood, attny; Craig requested the "units" for data submitted on
the spreadsheets titled well measurement 2 and pump measurements. Also, picture or verification measuring
device equipped with a data logger had been installed (cond. #8). Wood said he would submit by the end of the day.
Other items still required were listed in the 9/21/2012 letter.
- 10/16/2012 Memo from Craig Saxton, ref: Submitted data received on 10/4/2012 in 2-emails from Rob Wood, attny.
Pump measurements
Well Measurement (with each day being 129,600 gpd; No fluctuation) (2008 - 2012)
Water Temperature and Elevation (weekly temperature readings at 62.78 C, with no fluctuation 2/2/2008 - 9/8/2012)
No info on why temp. and rate never fluctuated.
- 9/21/2012 Craig Saxton requested through Rob Wood, attny, a request for additional information to support data submitted
in response to the 8/15/2012 Order; picture of installed device, and make/model of device installed.
Data information submitted was exactly the same for each day without fluctuation, which is unusual (temp & rate).
Submit requested information by October 8, 2012.
- 9/17/2012 Ltr from Rigby, Andrus & Rigby/Robert Wood, attny. Attached is information, and req. to contact if info. Is sufficient.
2010 & 2011 daily well measurement for each month, with each day being 129,600 gpd. (without fluctuation)
1/1/2011 thru 9/8/2012 weekly temperature logs, with temperature being 62.78 C (without fluctuation); elevation 4709.0 ft
- 8/16/2012 Notice of Order to Show Cause & Intent to Cancel Permit
- 8/15/2012 Order to show Cause, within 30 days why permit 29-13672 should not be cancelled (ref. failure to comply w/conditions)
- 7/6/2012 Memo from Craig Saxton to Shelley Keen, ref: Incomplete Proof of Beneficial Use statement for permit 29-13672
Reviewing email from Rob Wood, attny., permit holder did not provide the information required under condition 8 and 9.
Additional info. Was not supplied; Recommend returning proof and canceling the permit.
- 5/14/2012 Proof received, but not processed, due to failure to comply with permit conditions. (well drilled 4/5/2001 Vollmer Driller)
- 12/29/2010 Assignment of Permit 29-13672, and Quit Claim Deed, to Katsilometes

5/29/2008 Approved Permit, Proof Due 6/1/2012; Heating: 2 buildings (main lodge, spa building), & 11 pools.

None consumptive (No reference to filling the pools).

5/29/2008 Order, Voiding Permit 29-13672 is Withdrawn

4/25/2005 Order, Voiding Permit 29-13672

1/30/2004 Application for Permit 29-13672, Commercial use (heating: hotel, hot tubs); No reference to filling tubs/pools.
