Mr. Wissa,
Thank you for calling. I am surprised that you have not yet received your water right license. I have attached a PDF image of license 29-7699 for your convenience. Please review it and contact us as soon as possible if you have any concerns.
Sincerely,
Michele Edl

Maher Wissa,
The section manager and I discussed the license for your facility earlier this afternoon. I needed to make a few minor corrections to the final version of the license document, so It has not been signed yet. But I believe that IDWR will be issuing a license for your project on Monday.
