Total Acres: 968.2

Application for permit proposes to divert ground water (7.8 cfs) from two new wells, located approximately 6.1 miles east and 19.7 miles south and 6.4 miles east and 20.3 miles south of the intersection of State Highways 21 and 75 in Stanley, to irrigate 968.2 acres of ground, located approximately 5.6 to 6.8 miles east and 18.9 to 20.6 miles south of Stanley. A stockwater component (0.04 cfs) is also proposed to provide water for cattle in troughs within the same area. This application intends to be an alternate source to an existing surface water right from Pole Creek (71-10882), also for irrigation and stockwater, which will allow more Pole Creek water to remain in-stream, in order to provide better fish passage in low flow periods during the irrigation season.

This application proposes the diversion and use of water tributary to a federally designated Wild & Scenic River. The decreed minimum stream flow rights for the federal Wild & Scenic Rivers are subordinate to certain categories of water use and to specific amounts of water use established after the minimum stream flow. The water use proposed in this application will benefit from the subordination provision because the diversion rate and acres will be applied to the subordination amounts specified in the decree for the Salmon River Wild & Scenic River.

Permits will be subject to all prior water rights. For additional information concerning the property location, contact Southern Region office at (208) 736-3033; or for a full description of the right(s), please visit our website at www.idwr.idaho.gov and search under New Water Right Applications. Protests may be submitted based on the criteria of Idaho Code § 42-203A. Any protest against the approval of this application must be filed with the Director, Dept. of Water Resources, Southern Region, 650 Addison Ave W, Ste 500, Twin Falls, ID 83301 together with a protest fee of \$25.00 for each application on or before October 6, 2014. The protestant must also send a copy of the protest to the applicant.
