***RE: 2014 Accounting Report of Grand Teton Canal Company as Required by
Conditions Contained in the Approval of Application for Transfer No. 76065.***

Dear James:

This letter is in regards to Water Right No. 22-277A, which is owned by Grand Teton Canal Company, and the resulting changes to it under Transfer No. 76065, specifically condition no. 16.

For 2014, no new ponds have been developed, and the map of the ponds and report we submitted last year (for 2013) remains exactly the same. We have enclosed the 2014 version of the map and report for the Department's records. Huntsman Springs remains the only entity who has constructed ponds pursuant to the transfer approval.

If you have any questions or concerns, please do not hesitate to give us a call.

Best Regards,

Robert L. Harris
