Department of Water Resources
Eastern Region

RE: Application for Transfer of Water Right Nos. 35-2397 and 35-13230 filed in the Name of 4W Farms.

Dear Blake:

Enclosed for processing is an *Application for Transfer* to amend the above-referenced water rights. This transfer only proposes to amend the place of use to ensure that the shape file for the water right correlates to the on ground irrigation practices. The transfer is primarily necessary to amend the shape file in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Township 15, Range 34 E, Section 11. It also cleans up the shape file around the edges of the pivot as depicted in the enclosed maps.

We have also included a change in acres spreadsheet to show that there is only a small shift of 1.3 acres. Based on the Department's fee schedule, a filing fee of only \$200.00 is required. A check for this amount is enclosed.

Because the transfer only proposes to amend the place of use under the Department's current processing standards, we understand it will not be required to advertise this transfer. If this policy has changed, please let me know. Additionally, upon your emailed request, we can provide you a copy of the shape file which depicts the new place of use for the water rights.

If you have any questions or concerns, please let me know.

Best Regards,

Robert L. Harris
