RE: Lease expiration notice

This morning I received a phone call from Chris Allen regarding the lease expiration notice sent to Franklin Cub River Pumping Company for Water Right 13-2179. He was concerned because his records indicated the lease had just been renewed.

When I checked the file, I found that the lease was renewed until December 31, 2018. IDWR sent the lease expiration notice because the database incorrectly showed the lease expiring on December 31, 2014. The database has been corrected, and I left Mr. Allen a voicemail at 435-760-1203 notifying him that the lease is not expiring until the end of 2018.

The database entry was correct for the companion right, 13-2092.
