RE: Water Right No. 57-11714

Dear Mr. & Mrs. Purvis:

The Assignment of Permit form you recently submitted for the above referenced water right is being returned to you.

This right is no longer in the "permit" stage and therefore the Assignment of Permit is no longer the correct form to be used to show the change in ownership of the right. The correct form, entitled Notice of Change in Water Right Ownership, is enclosed for your use in this matter. It needs to be filled out and submitted along with a copy of your documentation which conveys ownership (e.g. warranty deed).

The filing fee for the ownership change document is also \$25; we will keep the fee you paid for the assignment and will apply it to the ownership change when we receive it.

I have also enclosed a copy of the license for your records and a map that you can attach to the ownership change form to comply with item 7.

If you have any questions, please feel free to contact us.

Sincerely,

A handwritten signature in cursive script that reads "S. Curtis".

SHARLA CURTIS
Sr. Water Resource Agent
