

5. On December 3, 2007, I signed an *Application for Extension of Time to Avoid Forfeiture of a Water Right* ("Application") for water right nos. 65-3221, 65-3224, and 65-3225 (the "water rights"), which was filed with the Idaho Department of Water Resources ("IDWR"). When I signed the Application, I was a Director of PTR, Inc.

6. IDWR approved the Application and stated that beneficial use of the water rights must resume by October 15, 2012.

7. On October 1, 2012, I signed a *Resumption of Beneficial Use* form ("Resumption Form") for the water rights, which was filed with IDWR. When I signed the Resumption Form, I was a Director of PTR, Inc.

8. When I signed the Resumption Form on October 1, 2012, I estimated 2.5 cfs was being diverted.

9. What I thought was being asked of me, when I signed the Resumption Form, was to estimate the diversion rate on the day the document was signed. On October 1, 2012, I estimated the rate of diversion was 2.5 cfs. I did not think I was being asked to estimate anything other than the diversion rate on October 1, 2012.

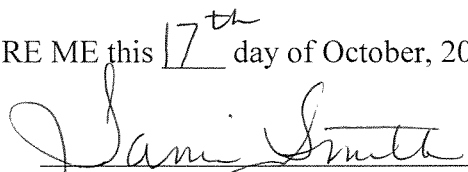

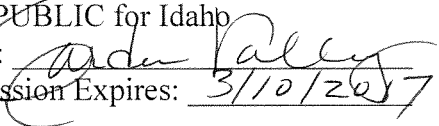

DATED this 17th day of October, 2014.
