

07/2008

STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

NOTICE OF PROTEST

RECEIVED
SEP 25 2014
Department of Water Resources
Eastern Region

This form may be used to file a protest with the department under sections 42-108B, 42-203A, 42-203C, 42-211, and 42-222, Idaho Code. The department will also accept a timely protest not completed on this form if it contains the same information.

1. Matter being protested Application for Permit # 79509 - Dirk Parkinson ^{in the name of}
2. Name of protestant Theo Johnny Bell
3. Protestant's Representative for service (If different than protestant)
4. Service mailing address 18579 S. Washington Downey, ID 83234
5. Service telephone no. 208-897-5918 Email Address: johnandjudebell@yahoo.com
6. Basis of protest (including statement of facts and law upon which the protest is based)

The shifting of water use will cause a further drop in the ground water, & that this drop will result in the loss of water in our wells. Our wells are already giving us problems. We need the water for our families and livestock
(additional pages may be attached to describe nature of the protest)

7. What would resolve your protest? Limiting Dirk Parkinson's use of water and the number of acres he can plant in potatoes

I hereby, acknowledge that if I, or my designated representative, fails to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 24th day of September, 2014.

Theo Johnny Bell—Protest to application for permit #79509 in the name of Dirk Parkinson.

This permit would impact the economy of the area as referenced in Idaho Code Sec. 42-222. We have already seen a loss of streams and springs used by livestock in the area. The potato fields require more water than the previous crops planted in these fields.

We believe that Mr. Parkinson's employees will continue to water the potatoes 24/7 as they have this year. Many wells in this area that have never dropped significantly are now sucking air. For the good of our families and livestock we need this stopped.
