STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

RECEIVED

SEP 25 2014

Department of Water Resources
Eastern Region

NOTICE OF PROTEST

This form may be used to file a protest with the department under sections 42-108B, 42-203A, 42-203C, 42-211, and 42-222, Idaho Code. The department will also accept a timely protest not completed on this form if it contains the same information.

1. Matter being protested Application for Permit #79509 in the name of Dirk Parkinson.
2. Name of protestant Horace Wayne Higbee
3. Protestant's Representative for service (If different than protestant)

4. Service mailing address 3604 E. Bowman Rd Downey ID 83234
5. Service telephone no. ²⁰⁸ 897-5908 Email Address: way.ann5908@gmail.com
6. Basis of protest (including statement of facts and law upon which the protest is based)

I am concerned that the shifting of water use will cause a further drop in the ground water, and that this drop will result in the loss of water and wells for the use of families and livestock. This loss would
(additional pages may be attached to describe nature of the protest)

7. What would resolve your protest? Limiting Mr Parkinson's use of water and the number of acres he can plant in potatoes. I feel that his applicato.
should be denied for the good of the area.

I hereby, acknowledge that if I, or my designated representative, fails to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 23rd day of September, 2014.

impact the economy of the area as referenced in Idaho Code Sec. 42-222. We have already seen a loss of streams and springs used by livestock on the area, this year, as the potato fields require more water than the previous crops planted in those fields. We believe that Mr. Parkinson's employees will continue to water the the potatoes 24/7 as they have this year. Many wells in this area that have never dropped significantly are now sucking air.
