RE: Change of Ownership for Water Right Nos. 2-10247, 2-10284, 36-37A, 36-37B, 36-7282, 36-7314A, 36-7314B, 36-7314C, 36-7750A, 36-7750B, 36-8099, 36-16171, 36-16180, 36-16193, 36-16194

Dear Water Right Holder(s):

The department acknowledges receipt of correspondence changing ownership of the above referenced water right(s) to you. The department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

PLEASE NOTE: Water right 36-7314A is in the name of Vernita Talbot and ownership *was not* updated to you. Water right 36-8099 was not included in the list, and since it was in the name of River Grove Inc. ownership *was* updated based on the letter included with the ownership change that stated all your water rights were to be changed to Billingsley Bay Farms LLC.

Updating the ownership record for a water right does not reconfirm the validity of the right. When processing an ownership change notice, the department does not review the history of water use to determine if the right has been forfeited through five years or more of non-use. To read more about water right forfeiture, including how to protect a water right from forfeiture, please see Sections 42-222 and 42-223, Idaho Code.

Also, please note that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Trish Fawcett
Technical Records Specialist
