STOCKWATER Same as IRRIGATION

Conditions of Approval:

1. X27 This right is limited to the irrigation of 141 acres within the place of use described above in a single irrigation season.
2. During times of scarcity on East Camas Creek, this water right at the point of diversion located on East Camas Creek at Township 12N Range 39E Section 5 NWNWNW carries a priority date of 04/01/1915. Any other water rights associated with that point of diversion retain their respective priority dates.
3. X35 Rights 31-145, 31-146 and 31-11359 when combined shall not exceed the irrigation of 145 acres.
4. The point of diversion at Township 12N Range 39E Section 8 is located on a branch of East Camas Creek known locally as Kelson Creek.
5. Diversion of water from the point of diversion located on East Camas Creek at Township 12N Range 39E Section 5 NWNWNW is limited to those times when water is available for diversion under this right and priority from the point of diversion located on

- Kelson Creek at Township 12N Range 39E Section 8 NWNW.
6. Prior to diversion of water under Transfer Approval 72701, the right holder shall provide a means of measurement acceptable to the department for measuring the flow in Kelson Creek at the original point of diversion, at the mouth of Kelson Creek, and at the point of diversion from East Camas Creek.
 7. R05 Use of water under this right will be regulated by a watermaster with responsibility for the distribution of water among appropriators within a water district. At the time of this approval, this water right is within State Water District No. 31.
 8. R43 The right holder shall maintain a measuring device and lockable controlling works of a type approved by the Department in a manner that will provide the watermaster suitable control of the diversion(s).
 9. R62 This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the lands above.
 10. 004 This right does not grant any right-of-way or easement across the land of another.
 11. T08 Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.
 12. N08 The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.
 13. T07 The right holder shall accomplish the change authorized by this transfer within one year(s) of the date of this approval.
 14. T19 Pursuant to Section 42-1412(6), Idaho Code, this water right is subject to such general provisions necessary for the definition of the rights or for the efficient administration of water rights as may be determined by the Snake River Basin Adjudication court at a point in time no later than the entry of the final unified decree.
