Subject: RE: Proposed transfer of Eagle Valley Ranch WR 74-745

Dear Mr. Monyios,

The information and pictures you emailed to me have been added to water right file 74-745 for future reference. I also spoke with Morgan Case and Amy Cassel today regarding the overall project goals.

Right 74-745 is an irrigation right for 112.0 acres. Any diversion of water for other uses doesn't support the beneficial use of irrigation. Documented irrigation use of all the acres will be necessary for the proposed transfer of the entire right. When you submit your transfer application, please include supporting documentation for irrigation of the 112.0 acre place of use described under this right. The crop doesn't matter except to support the amount of time water was diverted to bring this crop from seed to mature plant. Different crops have different growing season requirements. Water District records may support the irrigation use also.

Our website offers step-by-step assistance with completing the transfer application at http://www.idwr.idaho.gov/WaterManagement/WaterRights/WaterRightTransfers/wrt_default.htm. Or you can hire a consultant or attorney to assist you through the process if you prefer. Once your application is submitted, we will provide feedback of any discrepancies or questions we may have to complete the process.

The application will require a public notice of two consecutive weeks in the local paper followed by a ten day protest period. If no protests are received the transfer will move forward for final recommendations. You shouldn't submit your application until you are ready to proceed with the proposed change. You will be given a period of one to five years to complete the transfer depending on the proposal.

I hope I have answered your questions and look forward to working with you to accomplish your goals.

Pam

Subject: Proposed transfer of Eagle Valley Ranch WR 74-745

Dear Ms Skaggs,

Attached is a scan of three documents relating to the historic use of Water Right 74-745 on the North (East) Side of the Pine Creek Unit of Eagle Valley Ranch.
