Attachments: richfield.pdf

Hi Darla – good call on Tim’s part. I have recently had much correspondence with the Ground Water Districts to confirm participating memberships, and Richfield was one of those conversations. Attached is an email in which North Snake GWD confirms that all of City of Richfield’s rights, including 37-22431 are being assessed for participation in mitigation.

Let me know if you need anything else.

Cy

September 19, 2014

Hi Cindy,

During my review of proof filed and compliance with the conditions of this permit, I am questioning whether or not the City of Richfield is in compliance with permit condition No. 8 which reads:

“Prior to any diversion and use of water under this water right, the right holder shall (1) provide evidence of participation in a mitigation plan , approved by the director, and administered by a ground water district or other recognized organization, or (2) provide individual mitigation approved by the director.”

I spoke with Tim Luke, and he suggested I contact you before I send out a letter to the City of Richfield requesting that they provide evidence of participation in a mitigation plan. Tim thought that you might already have the answer for me.

Hanks.

Yes, I have those for Richfield along with 37-4084 & 37-4085.

I have this one for Dietrich along with 37-20729.

These keep coming out of the woodwork.

City of Dietrich 37-22751

City of Richfield 37-8402 and 37-22431 (do you have other rights for Richfield?)
