Dear Sir:

We are protesting the  
issuing of a permit to drill  
another irrigation well in our  
area. The filer Eric Hartvigsen  
# 15-7377 is less than half a  
block away from our property.  
We have three (3) irrigation  
wells within one (1) mile of  
us now. Oneida Co. has been  
in draught for two (2) years  
and in our area quite a few  
of us have had to drop our  
well pumps down to get water  
for our homes. We ask that you  
not issue a permit for another  
irrigation well.

Thank you,  
David & Nancy Steward
