1341 Fillmore Street, Ste. 200
Twin Falls, ID 83301

To Whom It May Concern:

I am writing this letter on behalf on my clients, John & Elvira Cardozo. The Cardozo's need to complete two land splits on their property. The splits are being requested to split the two existing homes from the remaining portion of the property. The split for Parcel 1, which is the southernmost of the two homes, will be for a 4 acre parcel of property; the split for Parcel 2, which is the northernmost of the two homes, will be for 3.5 acres of property. The address of the property for Parcel 1 is 3650 North 1300 East, and the approximate address for Parcel 2 is 3657 N 1300 E, Buhl, Idaho. The purpose of the land split is to obtain financing on the two homes.

As a part of the land split process, Twin Falls County Planning & Zoning requires a letter advising them of the well information (private well, shared well or public water supply) and what impact the division will have. It is my understanding that the well is a shared well registered under the name of John Cardozo. Please advise me of any impact the land split will have and if there is a non-domestic well, at your earliest convenience. For your information, I am enclosing site plans and a vicinity map of the two parcels after the intended land split has been completed.

Please send the response to me at Nutrient Management Solutions, 1255 Filer Avenue East, Twin Falls, ID 83301. If you have any questions I can be reached at my office at 736-6081 or on my cell phone at 539-1279.

Sincerely,

A handwritten signature in black ink that reads "Bob Ohlensehlen". The signature is written in a cursive, flowing style.
