Subject: Request for Extension – City of Nampa
Water Right Permit No. 63-32835

Dear Steve,

On behalf of the City of Nampa, SPF is pleased to submit the enclosed request for an extension of time to submit proof of beneficial use for Water Right Permit No. 63-32835. A municipal well is currently under construction at the permitted site. It is clear the well will not be fully operational by the proof-due date (October 1, 2014) due to the complexity of well construction, pump installation, and connecting the well to the City's water distribution system.

We understand that the filing fee for this application is \$50.00. You will find a check for that amount enclosed.

Please contact me with any questions.

Sincerely,

Roxanne Brown
