RE: Inquiry about water right ownership change notice

This morning I received a phone call from Carrie Marek (208-507-2120; yocattle@yahoo.com) inquiring about the ownership change notice submitted by Nick V. Troche and Mary Marlene Troche ("Troche") for Water Right 79-14108. According to Carrie Marek, the point of diversion and stockwater use are on the land acquired by Troche, but the domestic use is for the home located on property owned by the Estate of Jack and Peggy Marek ("Marek"). The Marek property is located across Slate Creek Road immediately to the east of the Troche parcel.

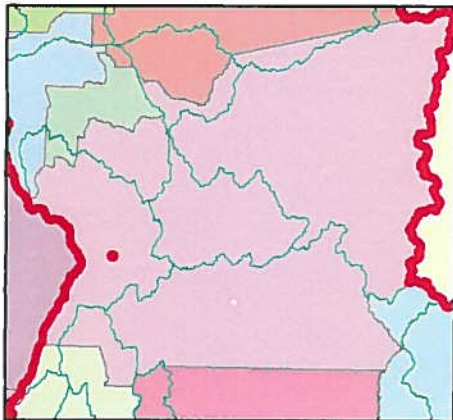

Carrie Marek asked IDWR to respond in writing to two questions. First, does the ownership change notice submitted by Troche apply to the domestic use component of Right 79-14108? Second, can Troche stop supplying water to the Marek home from the well on his parcel of land? I told Carrie Marek that IDWR would review the water right file, including the ownership change notice, and report back to her. I also indicated that IDWR may not be able to answer the second question, except in general terms.
