

MEMORANDUM

Date: September 2, 2014
To: Transfer 79404
From: Blake Jordan
Re: Review & Evaluation of Sufficiency of Information

This transfer proposes to add a point of diversion and change a point of diversion for water right 31-2308. A new well was recently constructed in the NENE of 07N, 33E, Section 8. The water right does not list this newly constructed well as an authorized point of diversion. Water right 31-2308 lists one of the existing wells in the NENE of 07N, 33E, Section 8. this well is actually located in the SENE of 07N, 33E, Section 8. The approval of this transfer will authorize three points of diversion.

Authority to File:

The applicants are the current owners of the water right per IDWR record and owners of the property at the newly constructed well per Jefferson County taxlot data (updated 2014).

Water Right Validity:

Decreed in 2002. There is no evidence of forfeiture.

Injury to Other Water Rights:

Inside the ESPA and within WD 110. The three points of diversion are within adjacent ESPA model cells. No ESPA analysis is required. This transfer was advertised and protested. The protest has been withdrawn. The watermaster does not oppose the transfer.

Enlargement of Use:

No issues identified.

Local Public interest:

No issues identified.

Beneficial Use/Conservation of Water Resources:

No issues identified.

Effect on Economy the Local Area:

No issues identified.

Effect on Agricultural Base of the Local Area:

No issues identified.

Review of the application finds there is no clear inconsistency with criteria set forth in Section 42-222 Idaho Code preventing processing of this application.
