STATE OF IDAHO
DEPARTMENT OF WATER RESOURCES

RECEIVED

AUG 25 2014

DEPT OF WATER RESOURCES
SOUTHERN REGION

NOTICE OF PROTEST

This form may be used to file a protest with the department under sections 42-108B, 42-203A, 42-203C, 42-211, and 42-222, Idaho Code. The department will also accept a timely protest not completed on this form if it contains the same information.

1. Matter being protested Transfer 79466 4 sisters (Hoffinger)

2. Name of protestant Richard Parrott

3. Protestant's Representative for service (If different than protestant)

NA at this date

4. Service mailing address 1389 E 4400 N Buhl Id 83316 (alt 2152 E 3300 N)

5. Service telephone no. 208-543-4419 Email Address: ofarm@lightcom.net
" 308-7113 cell

6. Basis of protest (including statement of facts and law upon which the protest is based)

This is a wrong plan to get irrigation water where it is proven that none existed until 1935 and doesn't exist in quantity to pump a 6 inch pipe full 24/7. Those within 100 yds + 100 yards have had to redill wells that are domestic
see A
(additional pages may be attached to describe nature of the protest)

7. What would resolve your protest? If all 18 Kanan protesters would agree to mitigation and guarantees in the form of \$100,000 Trust account, kept replenished 25 years.

I hereby, acknowledge that if I, or my designated representative, fails to appear at any regularly scheduled conference or hearing in the matter of which I have been notified at the address above, the department may issue a notice of proposed default against me in this matter for failure to appear. I also verify that I have served a copy of this protest upon the applicant.

Signed this 25 day of Aug, 2014.

Richard M Parrott

Protestant's Representative

FOR OFFICE USE ONLY

Fee: \$25.00

Receipt No. 5034265

Receipt by: B. Walker

Date Received: 8/25/2014

A No irrigation or commercial wells exist on 3300 North from 5 miles east of 2200 to Castleford 10 miles west.

~~There~~ Five miles south east + west if irrigation ~~were~~ wells were attempted they were dry -

The first real water is near Hollister part of entry - west 2 miles of it.

Any volume more than a house or 2 (no sites left) will be extremely threatening to families on 3300, 1/2 of whom have depended their wells -

Salmon Tract is in a dry spell some local Recharge is low and ~~25~~ ¹⁰⁰ Acres on site are Dried up, No farming. ^{100 Acres plus} Salmon Tract uphill from this location is 90% sprinkler (google earth) which allows no recharge

Much more
