RE: Ownership Change for Water Right No's: 63-31753

Dear Applicants,

The Department of Water Resources acknowledges receipt of your request for an ownership change on the water right mentioned above. However, after reviewing the request, it was determined the form was not completed and additional documentation is needed to complete this request.

Please complete and submit the requested documentation listed below:

- Submit a recorded Deed.
- Submit \$25 fee for undivided water right.

Because the Department cannot process this request at this time, we will hold any action on your notice pending receipt of the necessary documentation. If we do not receive the required documentation within 30 days, the notice will be returned and will not be processed.

Thank you for your cooperation. If you have any questions please, contact this office at 208-334-2190.

Sincerely,

Rachel Sommer

RE: Scheduling Field Exam for Water Right Permit No. 63-31753

Dear Mr. Parker:

We are planning to conduct water right examinations in the vicinity of the above-referenced permit **during the weeks of 10/23/13 to 11/8/13**. An examination is needed to verify the water use in order to issue a water right license.

The above-referenced permit authorizes use of ground water for domestic and irrigation of up to 5 acres. I have enclosed a water permit report and map depicting the permit place of use and point of diversion for your reference.

The current water right permit owners of record are John & Shari Blackman. We have been unable to contact Tanya Blackman to schedule a field examination on behalf of the permit owners. Ada County tax lot information indicates you may own the place of use property associated with this permit. A water right permit is personal property of the permit owner. It remains personal property unless it is assigned to a new owner. I have enclosed the Information for New Landowner handout for your reference.

If a beneficial use of water under the permit was not developed or if developed, but subsequently abandoned, a license cannot be issued. The permit will be voided if beneficial use under the permit was not developed or was developed, but is now abandoned.

Please contact me within the next thirty (30) days to either schedule an examination or notify the department a beneficial use was not developed or was abandoned. If you do not respond to this letter, the department will void the permit. I appreciate your attention in this matter and I look forward to hearing from you.

Sincerely,

Angela M. Grimm, P.G.
Water Resource Agent, Sr.

INFORMATION FOR NEW LANDOWNER

IDWR is working on licensing a water permit associated with your land.

A permit is personal property of the permit owner. It remains personal property unless it is assigned to a new owner (\$25 fee). In this case, IDWR has not been able to locate the permit owner.

If you can contact that owner, you may be able to get the permit assigned to you. Then IDWR can issue the water license in your name. The license is the end product needed for continued use of this water on your land.

The license will be issued in your name if IDWR receives a completed assignment.

Without an assignment, IDWR must issue the license in the name of the permit owner. In that case, a copy of the license will be mailed to you.

A license is real property attached to the land and owned by the landowner. After licensing, you can update the license by completing the notice of ownership change required by Idaho law (\$25 for entire right, \$100 for portion of right).

Please see www.idwr.idaho.gov for these water right forms:

- Assignment of Permit
- Notice of Change in Water Right Ownership.

Thank you for your help with this. Please call me at 208-334-2190 if you have any questions.

RE: Scheduling Field Exam for Water Right Permit No. 63-31753

Dear Permit Holder:

We are planning to **conduct water right examinations** in the vicinity of the above-referenced permit **during the week of October 22, 2012**. An examination is needed to verify your water use in order to issue a water right license.

Please be advised that you will need to operate your system under normal conditions during the examination. The permit authorizes use of ground water for domestic use and irrigation of up to 5 acres.

In order to conduct your exam as efficiently as possible, we ask that you call this office to schedule a day and time convenient for you. **Please call me at 208-334-2190 by October 22, 2012.** Realizing irrigation systems may be winterized soon, if there is a problem with scheduling or conducting the examination at this time, please call and other arrangements can be made. I appreciate your attention in this matter and I look forward to hearing from you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Angela M. Grimm', is written over a horizontal line.
