Subject: RE: FREEMAN WATER PLACE OF USE AND POINT OF DIVERSION
Attachments: Freeman Proof Reports.pdf; Maps.pdf

Good Afternoon:

I went through the proof reports for each of your water rights (attached for your reference). This report documents the use of your water rights as they were decreed. Based on these documents, I do not see a need to complete a transfer at this time. Your change to pivots will not increase the acreage under irrigation in any QQ beyond the limits of the water rights as they exist now. I can move the shape the Department has for your water rights in the NWSE Quarter, to south side of the stream. I have also enclosed a map of your place of use as recorded with the Department and a map showing the movement of the place of use to the south side of the stream.

Please remember, no alteration to Warm Springs Creek can occur (for pivot to cross) without a Stream Channel Alteration Permit.

If you have any questions, please let me know.

Thank you,

Kerrie Mathews

"It's not what you look at that matters, it's what you see."
-Henry David Thoreau

Subject: FREEMAN WATER POINT OF USE

August 15, 2014

Kerrie Mathews
Department of Water Works

SUBJECT: POINT OF WATER USE

We need to have our point of water use transferred as follows:

Section 26 SWSW	34.5 acres of watering	Pivot
Section 26 NWSW	28 acres of watering	Pivot
Section 27 NESE	4 acres of watering	Wheel-Line
Section 27 NESE	24 acres of watering	Pivot
Section 27 NWSE	16 acres of watering ***	Pivot

*** This is where the change needs to happen it show the POU on the North side of stream. 8 acres on the North side of stream needs to be transferred to the South side of the stream.

Also where the cattle sheds, work shed and stacking yards are located Section 27 NESE a total of 8 acres also needs to be transferred to Section 27 NWSE south side of stream.

The POD is on the Idaho Water Resources Map and is listed as follows:

Pump Site ID 13124075
Type D
Name Freeman 3

This is the same POD we are using.

Please let me know if you need any thing else. I will wait to hear from you. If there are forms for us to fill out will you please send them to us via E Mail or let us know which one we need to fill out.

We appreciate your help.

Thank You,

Kay Freeman
