Scott,

Sorry it took me so long to get back to you. The place of use is our property on the SWSE quarter/quarter. The completion of works is 1 year. Thanks for getting with us about these things. We are easier to get a hold of by phone either 709-0544 or 220-4206.

Thanks,

Tyson and Nicole

Tyson and Nicole,

I have received your application for permit and am currently preparing it for advertisement. I have noticed a few errors that will first need to be corrected.

- 8b. The location of your place of use. The X you marked for the place of use doesn't match up with your property or what is represented on your map. It appears you intended to mark your place of use as the SWSE quarter/quarter. If that is the case please affirm in a return email and I will update your application.
- 12. Time required for completion of works. The minimum that can be marked is 1 year. Max is 5 years. This is your estimate of how long it will take you to develop this water right. IF you have already completed development, then 1 year needs to be marked here. Again, let me know in an email and I can update the application.

If you have any questions feel free to call or email me.

Thanks,

Scott R. Bergendorf
