**RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK
WATER RIGHT NO(S). 35-02824 AND 35-08362**

*****TIME SENSITIVE RESPONSE REQUIRED*****

Dear Applicant:

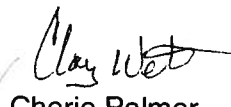

The Department of Water Resources acknowledges receipt of your application to rent water from the Water Supply Bank. **I have enclosed a Water Supply Bank Rental Agreement for your review and signature.** Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

A rental fee of \$2,856.00 was calculated based on the current rental rate of \$17.00 per acre-foot times a diversion volume of 168.0 acre-feet. An annual payment shall be received by the Department prior to the execution of this agreement and prior to February 15 in all subsequent years for the duration of the rental period. The agreement will be void if payment is not received prior to the due date in a given year. If you would like to terminate the agreement prior to the end of the rental period, you must submit written notice of your intent to the Department at least 30 days prior to the rental fee due date.

Please send a check for \$2,856.00 made payable to the Idaho Department of Water Resources, **together with the signed rental agreement, within 14 days** so I can complete processing. Pursuant to the Water Supply Bank Rules, 90% or \$2,570.40 of the rental fee will be paid to the lessor(s) and 10% or \$285.60 will be retained by the Department to offset administrative costs.

If you have any questions, please contact me at (208) 287-4944.

Subject: Watermaster comment on 2 Lisa Funk rentals
Attachments: Lisa Funk 79 acre Rental Review Memo.docx; Lisa Funk 42 acre Rental Review Memo.docx; DOC000.pdf; DOC001.pdf

James,

I have completed my review of two rentals which Greg Sullivan submitted on behalf of Lisa Funk. Both rentals are for different portions of the same two leased rights: 35-2824 (held by Kip and Brandi Hunter) and 35-8364 (held by H Alan Funk).

1) 79 acre rental

Lisa Irigoyen-Funk rental of water for use on the Juan Irigoyen farm. In a 2013 water swap involving Aberdeen Springfield Canal Company, the native right for 79 acres has been leased into the bank and rented out elsewhere. This rental covers the ground that the native water right (35-7618) would have covered.

2) 42 acre rental

Lisa Irigoyen-Funk rental of water for use on 42 acres of an approximate 79-acre farm that Lisa Irigoyen-Funk owns. Similar to 1) above the native right has been leased into the bank and rented out elsewhere. This rental covers a portion of the ground that the native water right (35-7621) would have covered.

The H. Alan Funk right is for primary ground water.

Similar to the native Lisa Funk rights for these farms, the Hunter right is used with Aberdeen Springfield Canal Company water.

I have attached my review memos and copies of the maps that Greg Sullivan provided with the applications. If I understood Greg Sullivan correctly, the Hunter rights are being purchased by the Funk family.

Please let me know if you have any feed back or concerns about this application.

Thank you.
Michele

Re: Review & Analysis of Lisa Funk Applications to Rent Water from the State Water Supply Bank to cover 42 acres on the Lisa Irigoyen-Funk farm

PURPOSE/NARRATIVE: On March 26, 2014, Greg Sullivan of Brockway Engineering submitted an application to rent water from the State Water Supply Bank on behalf of Lisa Funk. The application proposes to rent water to irrigate 42 acres located in Twp 5S Rge 31E sec 35. The application requests water for 2014-2015.

The proposed point-of-diversion is an existing well utilized by the applicant's current system. The native ground water right, 35-7621, was decreed in the SRBA to Lisa Irigoyen Funk and was used on the property with surface water from Aberdeen-Springfield Canal Co. As part of a water swap arranged in 2013, 35-7621 has been **(partially-cp)** leased to the WSB. It has been rented through 2015 for use on other farm property managed by the Funk family.

The proposed place-of-use for this rental is 42 acres within the 74-acre, authorized place-of-use for native water right, 35-7621.

-This rental authorizes 42 acres total. The un-rented portion of water right 35-7621, 32 acres, provides for the remaining irrigation in the SWSW of Section 35. cp

AUTHORITY TO FILE: According to available Bingham County taxlot information (from 2012), Lisa Irigoyen-Funk owns the property at the proposed place-of-use. Greg Sullivan has limited power of attorney for the Funk family's water rights issues. Mr. Sullivan signed the application on behalf of Lisa Funk.

WATER RIGHT VALIDITY: Water right 35-2824 (held by Kip and Brandi Hunter) is leased to the State Water Supply Bank and it is available to rent through December 31, 2015. A review of aerial photography shows that the authorized place-of-use has been irrigated. This is not unexpected because similar to the native right, ground water right 35-2824 is supplemented by Aberdeen-Springfield shares.

-I checked WMIS and confirmed that their well (WMIS 500839) was not diverted in 2013.

Water Right 35-8362 (held by H. Alan Funk) is leased to the State Water Supply Bank through 2017. A portion of the right has been rented through 2015. The remaining portion is sufficient for the rental amounts requested. A review of aerial photography shows that the water right appears to have been idled at the authorized place-of-use. Right 35-8362 is a primary ground water right.

INJURY TO OTHER WATER RIGHTS: No injury is apparent. The consultant provided ESPA modeling of this water rental. I reviewed it and find that no mitigation is required.

ENLARGEMENT OF USE: No enlargement is evident through the rental.

Water right 35-2824 is supplemental to Aberdeen-Springfield shares. That limitation was recognized at the time that the right was accepted into the bank and has been defined in previous water supply bank conditions of acceptance. When used as a primary ground water right 35-2824 is valid for only 41.0 acres, 0.82 cfs and 164 AF. When used as a supplemental ground water right, as it will be in this case, 35-2824 is valid for 121.0 acres, 2.14 cfs and 440.0 AF. The proposed place-of-use is within the service territory of Aberdeen-Springfield Canal Co. The applicant is proposing to rent 155 AF.

-I confirmed with Greg Sullivan that the applicant is not going to be using ASCC shares with their ground water contrary to Michele's above statement. The applicant intends to use this rental as a primary source of water. I told Greg that water right 35-2824 is only going to be worth 41 acres. As a result he had to re-arrange the acres he had designated for the second Lisa Funk rental of 79 acres. The modeling for this rental is not affected and is still approvable. -cp

LOCAL PUBLIC INTEREST: Review staff has no information to suggest this application is inconsistent with the local public interest.

BENEFICIAL USE/CONSERVATION OF WATER RESOURCES: The rental appears consistent with the conservation of water resources in Idaho.

DEPARTMENT STAFF OR WATERMASTER COMMENTS:
Comment from WD 120 watermaster and Eastern Region will be requested.

-There were no comments from the region/watermaster per Michele. cp

The place-of-use shape for the rental is the place-of-use shape for WR 35-7621.

-The place of use for this rental will only include 42 acres. I have created a rental shape in the WSB folder. -cp

Re: Kip Hunter Lease/Lance Funk Rentals

Dear Mrs. Palmer:

A lease application was submitted for 35-2824 last week. The rental applications to utilize 35-2824 were not included in the packet.

The rental applications are for 79 acres and 42 acres for the 2014 and 2015 irrigation season. These rental applications water needs are to be filled by 35-2824. ESPA model analysis has been submitted with the rental applications.
