1. rbrown 4/3/2006 Quantity
This claim has a corresponding claim for "high water" (75-14190). Since both of the claims are for beneficial use, they are being recommended as one water right. Q claimed for 75-14190 is based on a IDFG measurement, apparently for designing a fish screen. No data was submitted. This claim is being recommended for 1" per acre unless additional information is submitted.
2. csaxton 12/31/2009 Objection Resolution
