Dear Applicants:

We are in the process of reviewing the above application for permit and find we need you to amend the application. The place of use appears to be located in two 40-acre tracts rather than the one you have listed on page 2. Please note that I have added a domestic and stockwater place of use located in SE¼SW¼ since that is what is portrayed on the map you submitted in connection with this application. I have included a copy of your original application for your convenience. Please review the "Amended" Application form and if you agree with my correction, please sign the form on page 2 and return it to this office at your earliest convenience. Please note that only one of you needs to sign the amended application form since we have all of your signatures on the original form.

Please submit the amended application form within the next thirty (30) days to allow final review and advertising of this proposal. You may seek additional time to provide the form by making a written request to interrupt processing for up to six months. Your response or a request for more time must be received by August 31, 2014. The application may be voided without a timely written reply. Refunds are not issued for voided applications.

If you have any questions regarding this matter, please feel free to contact me at 334-2190.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
