MEMORANDUM

To: Water Right Application # 83-11982

From: Eric Davis

Date: August 14, 2014

Re: Application for a permit to Appropriate Water within the Salmon and Clearwater River Basins.

Re: Regional Analysis and Recommendation in with Water Appropriation Rules (IDAPA 37.03.08.040.050).

Water Supply Information.

The Idaho Department of Fish & Game and the Department of Environmental Quality have no objection to the application of Water Right #83-11982. This application is for withdrawing a diversion rate of 0.07 cfs from Ground water for the purpose of Irrigation, Domestic.

Good Faith, Delay, or Speculative Information.

The applicant plans to divert water for its own use on the property that it owns. There are no known issues with any other party.

Financial Resources Information.

For this irrigation, Domestic water project the applicant has all equipment and supplies needed.

Local Public Interest.

The Northern Region has asked the Idaho Department of Fish & Game and Department of Environmental Quality for comments. Written comments received from Department of Environmental Quality indicate they are not opposed to the applicant's proposal

Injury to Other Water Rights.

The source of water is the Clearwater River that has a minimum stream flow requirement. There does not appear to be any foreseen impacts to minimum stream flows based on the comments from the Idaho Department of Fish & Game and Department of Environmental Quality.

Recommendation.

The Northern Region recommends proceeding with the processing of this water right application.

Subject: Application for Permit to Appropriate the Public Waters of the State, Ident. No. 83-11982

Dear Mr. Franklin:

DEQ has received a request for comment on the approval of an application to draw a total quantity of 0.07 cfs of ground water from a hand dug well for irrigation and domestic use from January 1 to December 31. Based on the information that has been provided, DEQ cannot estimate nor predict impairments to surface or ground water beneficial uses resulting from the requested withdrawal. However, assuming all federal, state, and local permits have been obtained, regulations met, and reviews completed, we can offer the following comment.

It is the policy of the State of Idaho, Ground Water Management Plan that existing and projected beneficial uses of ground water and interconnected surface water be maintained and protected and degradation that would impair beneficial uses of ground water and interconnected surface water not be allowed.

Thank you for requesting our review and comment of your activity.

Sincerely,

Dear Ray and Cindy,

The Department of Water Resources is seeking written comment and/or recommendations from your agency regarding the above referenced water right application. A copy of the application is attached for your reference.

This office can publish notice of the application as soon as the initial review is completed, and because both of your agencies are considered a part of the initial review; we will greatly appreciate your prompt response to this request.

We want to prepare this for publication in the Clearwater Tribune to publish on August 7 and 14, 2014, with August 25, 2014 being the last day for protests to be received in our office.

If your agency desires to formally protest the approval of this application, you may do so after the notice is published by filing a written protest along with a \$25.00 filing fee within 10 days after final publication.

Please contact Eric Davis in this office if you have any questions regarding the application.

Thank you very much.

Sincerely,

Dianne Ball

Dept of Water Resources

Eric,

I spoke with you a couple weeks ago about what we needed to get water rights on a spring we captured below ground (created a hand dug well) here in Clearwater County. I have included the application for the permit and the fee, but I am unsure if everything is filled out correctly and what our next move is. Can you please look it over when you get a chance, and let me know?

My phone is (208) 476-3778, work (208) 476-8108, or e-mail at franklyrx2@yahoo.com.

Thank You,

Stephanie E Frank

Application For Permit No. 83-11982

Dear Applicant(s):

The Department of Water Resources has received your water right application. Please refer to the number referenced above in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the CLEARWATER TRIBUNE on 8/21/2014 and 8/28/2014. Protests to this application may be submitted for a period ending ten (10) days after the second publication.

If the application is protested, you will be sent a copy of each protest. All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, the Department will process your application and notify you of any action taken on the application. If your application is approved, the Department will send you a copy of the permit.

Please contact this office if you have any questions regarding the application.

Sincerely,

Eric Davis

Good afternoon, Marcie and Andrea,

Please publish the enclosed legal notice on the dates indicated, August 21 and 28, 2014, (once a week for two consecutive weekly issues). If you cannot publish the notice on the proposed dates, please contact us immediately.

This should be pretty close to press ready for 2-column, 9 pt with some **"Use:"** items offset and lined up for clarity purposes – dates and CFS amounts. I don't have the regular "Times" font so have used Times New Roman – the closest I can get.

An affidavit of publication must be submitted to the Department along with the publication bill. Please send the affidavit and bill to this office before 9/8/2014. Your cooperation is appreciated.

If you have any questions, please either call me or reply to this e-mail.

Thanks for your great help – it's always a pleasure to work with you.
