Re: Summary of Voicemail left in response to July 7, 2014 Letter requesting amendment of permit 29-7869 for licensing purposes.

On August 11, 2014, at 4:01 pm, I received a voicemail from Jerry Rigby ("Jerry") who represents George William Katsilometes. Jerry was calling from his office with Mr. Katsilometes in response to the July 7, 2014, letter I sent which gave Mr. Katsilometes 30 days to submit the permit amendment for permit 29-7869, or the permit would be voided.

In his voicemail, Jerry explained that Ray Rigby and Rob Wood were previously representing Mr. Katsilometes, but they are no longer involved with this issue. Because of the disconnect, Jerry forwarded the July 7, 2014, letter to the wrong place. Jerry said that Mr. Katsilometes does not want any changes to 29-7869, which I interpret as meaning that they want the license issued exactly how it was permitted. Jerry is preparing a response and needs more time. He asked that I call him back at his direct line of (208) 535-8441 to set a new deadline for his response.

I returned Jerry Rigby's call from 08-11-2014 today (8-12-2014). Jerry explained that Mr. Katsilometes has two PO Box addresses and the July 7, 2014, letter was forwarded by Mr. Rigby to the wrong address. Mr. Katsilometes finally received the letter on 8/11/14 and went directly to Jerry's office to call me. Jerry asked for addition time to prepare a response to my July 7, 2014 letter. He said that Mr. Katsilometes will have his "guy" prepare a write-up/summary of all the work that has been completed up to this date. He didn't want to set a timeline and not have it done by that timeline. I told him I would set a 14 day reminder and call him back if I haven't heard anything from him at that point. Jerry's direct line is (208) 535-8441.
