Denise,
You can find the form on our website at (www.idwr.idaho.gov). The form is titled Statement of Completion, but the Department will notify you 60 days in advance of the new proof due date that proof is due, and will include the form, instructions and fee schedule. Thank you for your prompt reply.

Sincerely,

Subject: RE: Request for Extension of Time Received for Permit 67-14974

Hello Darla,

I spoke with our Facilities Technician and he informed me that we only need a one year extension. A one year extension will be sufficient to complete our project for Permit 67-14974.

What documentation do we need to send to sumit proof of benefial use?

Dear Permit Holders:

The Department is in receipt of your request for extension of time to submit proof of beneficial use for the above mentioned water right permit. On this extension you have asked for 1 more year.

According to Section 42-204, Idaho Code, you are allowed an initial development period of 5 years and only one extension request after that for up to 5 more years. You have already had the initial 5 years allowed under the permit. This extension is considered to be your last extension request allowed under due diligence or good cause, and you could ask for up to 5 years on this extension request.

However, in order for me to modify your request for extension of time form from a 1 year extension to a 5 year extension I would need written request from you stating that you would like to have your extension request form modified to reflect a 5 year extension in lieu of the 1 year currently stated on the form. A reply to this email could be used as your written request to modify your form. Please respond as soon as possible, and be as specific as you can in your request.

Sincerely,
